SENSATIONAL MESSAGE FROM THE PRESIDENT ON JAPANESE QUESTION

Roosevelt Takes Advanced Ground Regarding the Doctrine of the Federal Supremacy Over State Sovereignty.

CHICAGO, Dec. 14.—A dispatch to the Record-Herald says:

A special message on the Japanese question and the California school problem supplementary to the discussion of these same objects by President Roosevelt in his regular message, will be sent to Congress from the White House next Tuesday... It is given out here authoritatively that this special message will be more vigorous in tone than the former communication, and will not be calculated to cool the indignation of Californians previously aroused. The special message, moreover, aside from its local application, will be one of the most important communications in the entire list of those sent to Congress by the present executive. It will bring to a direct issue the centralization scheme of the government, which is likely to form the climax of endeavor on the part of the Roosevelt administration. The administration is about to take advanced ground regarding the doctrine of Federal supremacy over State sovereignty. The Japanese question raised in connection with the public schools of California has supplied the opportunity to give forcible expression to the mighty scheme of centralization that is to be perfected if possible. It is possible at this writing to forecast in detail what the President will say in his second message on the Japanese question. Accompanying his message, which it is understood will be a full explanation of the administration's projected policy as to the supremacy of Federal over State power will be the report of the special investigation of the San Francisco school question made by Secretary of Commerce and Labor Metcalf. Regardless of the nature of this report, the President will adhere vigorously to the position taken by him in his regular message, which was written before he left Washington to visit the canal zone and before he had anything at all from Secretary Metcalf. But as to the Metcalf report, it has been learned that its author found much to condemn in the matter of the treatment of Japanese outside of the school question. His report, in fact, will furnish a new sensation. It will show, it is understood, labor union tyranny over Japanese which affects the rights held to be theirs by treaty in even more pronounced manner than anything connected with the school imbroglio. Matters of this nature embraced in Secretary Metcalf's report will furnish the key for many arguments to be advanced by the President in his message.

SYSTEM TO BE EXTENDED

To Operate Alameda, Berkeley and Local Trains With Electricity; Plans Are Completed and Contracts Being Made.

THE SOUTHERN PACIFIC COMPANY IS MOVING ACTIVELY THESE DAYS IN ITS PREPARATIONS TO TRANSFORM ITS LOCAL STEAM RAILROADS INTO ELECTRIC RAILWAYS, AND FOR THE IMPROVEMENT OF THE LAND WHICH IT NOW OWNS AT THE FOURTEENTH AND FRANKLIN STREETS TERMINAL OF THE SOUTH PACIFIC COAST SYSTEM IN THIS CITY.

IN AN INTERVIEW WITH A REPRESENTATIVE OF THE TRIBUNE THIS MORNING GENERAL MANAGER CALVIN STATED THAT THE CONTRACTS FOR ELECTRIZATION OF THE LOCAL ROADS TO THE FOURTEENTH STREET TERMINAL IN THIS CITY FROM THE END OF THE ALAMEDA MOLE AND ALSO TO THE HIGH STREET TERMINAL IN ALAMEDA AND THE PRESENT LOCAL TERMINAL AT MELROSE, AND FOR THE CONSTRUCTION OF AN ELECTRIC POWER HOUSE IN THE TRIANGLE FORMED BY THE PARTING OF THE ALAMEDA AND THE OAKLAND AND MELROSE TRACKS AT ALAMEDA POINT, WHERE THE ROUND HOUSE AND TURNTABLE ARE NOW STANDING: "IT IS OUR INTENTION," SAID MR. CALVIN, "TO CHANGE THE SEVENTH STREET LOCAL AND THE OTHER LOCAL LINES SO AS TO ALSO BE OPERATED BY ELECTRIC POWER, AS SOON AS WE GET THROUGH WITH THE ELECTRIZATION OF THE LOCAL SYSTEM STARTING FROM THEALAMEDA MOLE.

"THE CONTRACTS WHICH WE HAVE GIVEN OUT FOR THE LATTER PURPOSE INVOLVE AN EXPENDITURE OF $1,881,600. THE CARS ARE BEING CONSTRUCTED IN THE EAST. EVERYTHING IS BEING RUSHED TO A FINISH, AND AS SOON AS THE EQUIPMENT IS READY FOR SERVICE THESE LINES WILL BE OPERATED EXCLUSIVELY BY ELECTRIC POWER.

"THE EQUIPMENT IS NOT ONLY TO BE UP-TO-DATE, BUT WE HAVE INTRODUCED IMPORTANT IMPROVEMENTS IN IT ON ANYTHING USED HERE OR ELSEWHERE IN THE COUNTRY, FOR WE INTEND THAT IT SHALL BE THE BEST EQUIPPED ELECTRIC RAILWAY SYSTEM IN OPERATION ANYWHERE. WE EXPECT THAT THE NEW LINES WILL BE IN OPERATION IN JULY OR AT THE LATEST IN AUGUST NEXT.

"The tracks now used by steam traction will be used by trains propelled by electric motive power," continued Manager Calvin. "The report that the Webster street track in this city would be abandoned from Second to Fourteenth street and diverted on Franklin street is incorrect. All that needs to be changed on the present Webster street track is the bonding of the rails to fit them for electric operation, and a large part of that has already been done for the operation of the block signal system now in use.

"Our plans regarding the future use of the terminal property at Fourteenth street and Franklin have not yet been completed, and it would be premature to say anything about them, for we do not desire in any of the changes anticipated to be made to misinform and mislead the public. We own, of course, the northeast corner of the block, bounded by Broadway, Fourteenth, Franklin and Thirteenth streets, up to the property line of the small stores running from Franklin to the Macdonough theater property. The utilization of this terminal property is a matter for settlement later.

"As to the reports that we intend to extend the electric railway system along Franklin to Twentieth street, I may say that it is premature. Nothing has been yet decided about the extension of the system from Franklin and Fourteenth."

The student of current events will have no difficulty in grasping the importance to Oakland

PALMER'S STATEMENT

W S Palmer general superintendent of the northern division of the Southern Pacific Company was also interviewed this morning a sensational statement published in a San Francisco newspaper to the effect that the corporation was endeavoring to grab more water front land on the line of First street at the northeastern corner of the block lying west of Harrison street and south of First on the west side of the curve of the track leading from Harrison street bridge to Webster street

"The property in question belongs,' said Mr Palmer, 'to the Southern Pacific Company The Cotton brothers have been using it by sufferance for the storage of their junk material They were notified some time ago that the company wanted to use the property and they were requested to move their material They did nothing They were then notified that unless their material was removed within a week, the Southern Pacific Company would remove it The time expiring and the Cotton Brothers, who are nothing but trespassers on the property, our company proceeded to clear the lot There is nothing in the whole proceeding in the nature of a land grab We are simply removing the junk which the Cotton Brothers have stored on our property without the shadow of a right, for the purpose of utilizing it for our own uses That is all there is in the case"

trial jury within a year and was therefore barred from serving as a grand juror.

Immediately after the judge announced his decision, which was given orally, Attorney Murphy rose in behalf of his clients and asked that an exception be noted to the judge's ruling He then gave notice that the defense would interpose a demurrer to the indictment which will be filed tomorrow morning On a previous occasion Judge Lawlor denied from the bench a motion to strike the indictments against Nicholas and Duffy from the files

No sooner had the Nicholas-Duffy cases been disposed of than an attorney asked to have the arraignment of Nathan M Adler a restaurant keeper, charged with perjury, postponed until the members of the grand jury could be summoned

Judge Lawlor replied that the grand jury had been bothered enough in the indictment cases, and the reply was made that the point was peculiar to the Adler case The hearing in the Adler case was then postponed until 2 o'clock Monday

Adler was the proprietor of a French restaurant and was indicted for perjury, on the charge that he withheld evidence in the examination regarding the alleged extortion practiced by Mayor Schmitz and Abraham Ruef

Supervisor Nicholas was indicted on the charge of agreeing to receive a bribe, while Duffy a city hall janitor, is accused of perjury

ACCUSED MAN PROVES ALIBI

C A Royer Again Charged With Theft by Former Employe.

BERKELEY Dec 14—Peculiar circumstances surround the report that James Ewing proprietor of the University Pharmacy made to the police of the theft of $82 in gold and silver coin from behind the counter of his drug store Sunday night Ewing insists that the thief is Charles A Royer a former confidential clerk Once before Ewing made a charge of embezzlement against Royer which failed to make good It happens that both times Ewing cast suspicion upon Royer after making a report to the police Ewing left town leaving the investigation to take care of itself Royer says that the fact that he is an ex convict makes him particularly open to suspicion but says that he is entirely innocent of all Ewing's charges and that if he were not a poor man he would long ago have brought suit against Ewing for libel

Royer was taken to the police station yesterday to undergo an examination but he proved a conclusive alibi and was soon afterward released Detective Jamison who is in charge of the Berkeley police department, in the absence of Marshall Vollmer says that there never was much to incriminate Royer in connection with the alleged disappearance of the money and that he is now entirely satisfied of his innocence Royer is not even under surveillance as reported

SUBJECT OF GOOD ROADS DISCUSSED BY ASSESSORS

W. L. Ashe Brings the Matter Up Before the Convention and Ventilates His Views.

The subject of Good Roads has been under discussion at the State convention of assessors. W. L. Ashe requested the assessors to state whether or not they assessed property adjoining a good road for more than they did similar property situated remote from the benefits of a good road. Mr. Ashe's reason for asking this information is that the [illegible] people contemplate in [illegible] bills in the coming legislature changing the present road laws in the following manner:

First—The supervisors of the several counties are to designate certain roads as the main highways of the county and [illegible] the property in the county including the property in municipalities will be taxed to build these main highways [illegible] when they are built up to a standard fixed by the State Highway Commission, the State will pay into the [illegible] each year a sum sufficient to maintain these roads.

ENHANCE THE VALUES

Mr. Ashe contends that if this is [illegible] the property situated contiguous to highways will enhance in value [illegible] will consequently be assessed for more than it is at the present time and [illegible] the assessed value [illegible] in the State and that when you [illegible] the assessed value you will [illegible] the State tax rate for [illegible] the assessment roll the lower [illegible] rate will be [illegible] that [illegible] would [illegible] not [illegible] than they [illegible] State tax [illegible] released by this legislation [illegible] to maintain these roads [illegible] to be paid to the [illegible] State until the road [illegible] built up to standard.

MAINTAINED BY DISTRICT TAX

[illegible] All remaining roads will be [illegible] district roads [illegible] be built [illegible] district tax [illegible].

[illegible] the subject [illegible] into [illegible] Spitzer who [illegible] assessor of Santa Clara county [illegible] the [illegible] that Santa [illegible] the best roads in the [illegible] that he always considered [illegible] most valu[able] [illegible] and assessed it for [illegible].

MORTGAGED PROPERTY

[illegible] D. W[illegible] assessor of Sonoma county stated that he did likewise, also [illegible] schoolhouse [illegible] value. He called the convention's attention to a road in Sonoma [illegible] that was always dusty in the [illegible] muddy in winter. Along this [illegible] of the most celebrated [illegible] but that hey [illegible] held [illegible] which [illegible] them through mortgages and had [illegible] on their hands for a number [illegible]. The bankers realizing that [illegible] must be done to sell these [illegible] requested the supervisors [illegible] oil the road. This was done [illegible].

[illegible] that [illegible] ranches placed by [illegible] places not held by [illegible] purchased by capitalists who are now improving them and making them their country homes. Among others who have purchased these [illegible] Hon. Marion [illegible] Senator [illegible] Judge Carroll Cook and [illegible].

COMMITTEE APPOINTED

[illegible] C. D. Hayward of San Mateo county committee of three was appointed on good roads. Chairman Dillon appointed C. D. Haywood, J. M. Jameson of Kern and George F. Mitchell of Placer on said committee. The committee reported to the convention as follows:

That good roads have a money value to farmers and people residing along the line of same for the following reasons:

First—They economize time and force in transportation between farm and market.

Second—Enable farmers to take advantage of market fluctuations in buying and selling.

Third—Permit transportation of farm products and purchased commodities [illegible] time of comparative leisure.

Fourth—Reduce the wear and tear on harness and vehicles.

Fifth—Enable the fruit grower to deliver his products at shipping points in good shipping condition.

Sixth—Induce new settlers to buy property abutting on same.

Seventh—Enhance the market value of [illegible].

Out of [illegible] of these well known facts [illegible] our custom [illegible] property [illegible] the [illegible] good roads [illegible] more than we do similar property situated remote from their benefits.

[illegible]

C. D. HAYWOOD

J. M. JAMESON

GEORGE F. MITCHELL

D. Washington Dodge, assessor of San Francisco, on being interviewed said that he was in favor of legislation to better the road conditions in California and that he did not see how the proposed legislation would impose any burden upon San Francisco but thought it would be of very great benefit.

[illegible] H. Berkey, assessor of Sacramento said he always considered good roads in [illegible] his assessment and that the people of Sacramento county were very much in favor of good roads having some years ago voted bonds to build good roads, the bonds being voted by a vote of about seven to one. However, the Superior Court declared the bonds illegal so that nothing was accomplished.

HIGHER ASSESSMENT

H. P. Dalton of Alameda, George W. Murray of Kings and [illegible] Campbell of Stanislaus stated that they always assessed property situated along a good road for more than they do other property.

On the trolley excursion to Piedmont Springs where lunch was served and thence to Berkeley where the Greek theater and mining college were visited general comment was made on the up-to-date way Oakland real estate men placed their property on the market, first macadamizing the streets and providing side drains and sewers, then concrete sidewalks so that a person purchasing lots will not be put to the expense and annoyance of having the same done and the work will be uniform and systematized.

The assessors to [illegible] Alameda county this morning and had lunch in the red room of the Forum today.

LEG BROKEN, SOUGHT AID

Railway Policeman Suffered for Two Hours Before Relief Came

It was two hours before help reached Mike Keegan, a state policeman in the employ of the Western Pacific who broke his right leg when walking along the Southern Pacific seawall near the shops on Oakland harbor yesterday afternoon. The officer was passing over the slippery rocks that were wet from the big high tide when he made a misstep and fell. One of the bones of the right leg just above the ankle was fractured. He was far away from [illegible] possible aid so he loudly called out in his crippled condition. After dragging himself over the stones for two hours he summoned assistance.

An employe of the Southern Pacific took him in a wheelbarrow to the company's hospital but he received no treatment until the police patrol conveyed him to the Emergency hospital where Drs. Kofi and Irwin set the fracture. Keegan was removed to his home at 914 West Fifty-fifth street. He has been in the employ of the Western for only ten months having formerly held a similar position with the Southern Pacific.

Testimonial No. 570.

MRS. ANNIE E. SHEEHAN, Weir City, Kansas.

You must remember that falling hair and dandruff are signs of decay, or a diseased condition of the scalp, and you must not delay treatment. To do so simply means more loss of hair and a greater impoverished scalp, and finally no hair. The wise thing to do is to correct it in the start. Danderine works wonders in all such cases. It will quickly regenerate the enfeebled tissues, and make your hair grow more beautiful than it ever was. NOW at all druggists, three sizes.

AIDED THE DESTITUTE

Charitable Woman, Well Known in Oakland, Succumbs to Attack of Typhoid.

Mrs. W. Frank Pierce, who passed away at her home in San Francisco Wednesday, was very well known in this city where she formerly resided and was an active member of various social, benevolent and fraternal circles here. She was for many years prominently identified with the Order of the Eastern Star and attained the highest station within the State jurisdiction, that of Grand Matron of California. Her husband also received the highest Masonic honors.

It was largely due to Mrs. Pierce's guidance that the Order of the Eastern Star has broadened in its usefulness and enlarged in its membership. She and her husband worked unceasingly to assist the Masonic home at Decoto and the success of the Masonic festival from which was realized over fifty thousand dollars was largely due to Mrs. Pierce's efforts.

WORKED FOR HOMELESS

After the disaster in San Francisco, Mrs. Pierce worked unceasingly in aiding the destitute and homeless residents of that city. In doing so she contracted typhoid fever from which it was fully believed she would recover. She was beginning to improve rapidly until a few days ago when she suffered a relapse which caused her death Wednesday morning.

The Pierces formerly resided at 1339 Harrison street, this city. About a year ago Mr. Pierce disposed of this place and purchased the residence of A. A. Moore Jr. at Hyde and Chestnut streets, San Francisco.

Mr. Pierce, who is president of the Citizens' National Bank of San Francisco, was for many years associated with his brother, Charles D. Pierce, ex-mayor of Oakland, in the hardware business in this city. They afterwards disposed of that business and became the Pacific coast representatives of the National Cash Register business. The Pierces were also the owners of an extensive dairy farm on the San Joaquin river.

Besides her husband Mrs. Pierce leaves three daughters, Mabel, a graduate of Wellesley college, Hazel, a student at the State university, and Frankie, all of whom were with their mother at the time of her death.

RECOMMEND EXPENDITURES FOR MANY IMPROVEMENTS

Auditing Committee of City Council Make Up Their Budget, Dealing With Financial Matters.

The expenditure of $1200 for the restoring of the records in the suit of the City of Oakland against the Oakland Water Front Company was recommended last night by the auditing and finance committee of the City Council. These records were destroyed in the San Francisco conflagration. The suit has been in litigation for about twelve years.

It was also recommended that $1000 be expended for the publishing of the municipal reports for the year 1905-1907.

PURCHASE OF UNDERGROUND CABLE.

The committee recommended that $499 be appropriated for the purchase of underground cable.

Chief of Police Wilson reported that the rent of the Seventh street lock-up had been raised from $2 to $12 a month. The chief has secured another lock-up at 914 Seventh street at a rent of $7.50 per month. The committee recommended that the chief's action be favorably passed upon.

STREET EMPLOYES GET RAISE.

The raising of the wages of street employes who furnish horses and carts from $3.50 to $4. a day, was recommended.

The committee recommended that a Watson dump wagon be purchased at a cost of $180 and an Elliott book-typewriter for the City Clerk at an expense of $175.

The Board of Works will be asked to explain the necessity of expending $303.75 for a culvert over Cemetery creek at Pleasant Valley avenue, the committee passing the resolution appropriating the sum to the Council without recommendation.

EXTEND TIME FOR GRADING.

The street committee recommended the following:

That an extension of time for grading, curbing and macadamizing Thirty-ninth street between Grove and West streets be granted.

That Blake & Bilger be granted to grade, curb and macadamize Herzog street north of Sixty-fifth street.

CHIEF OF POLICE ORDERED TO REPORT ON THE SPARTA

License Committee Asks for Information as to Number of Arrests Recorded Against Eating House.

Chief of Police Wilson was ordered last night by the license committee of the City Council to report next Monday night as to the number of arrests that have been made in the Sparta restaurant on Broadway, between Seventh and Eighth streets, since a liquor license was granted to the place. The committee also ordered that the proprietor appear before the Council and show cause why his license should not be revoked.

The restaurant is known as the "Bucket of Blood," and considerable complaint has been made concerning the many disturbances which have been raised in the place since it secured a license to sell liquor.

The committee passed the resolution of Councilman Burns, providing that the Council would not consider another application, within a year, of any person who had withdrawn his or her application, to the Council without recommendation.

Councilman Burns stated that he had introduced the measure because many persons, when it looked as if their application would be turned down, had withdrawn, only to pop up at some future time.

The committee recommended that the following be granted licenses: John Slavich, 417 Thirteenth street; Wanner & Kremm, Tenth and Kirkham streets; Ernest Stoey, 1175 Seventh street; Delbert J. Sutton, 456 Sixth street; Forum Cafe, 1158 Broadway; P. Lasselle, 434 San Pablo avenue; H. W. Teeple and George P. Doll, 223 San Pablo avenue; Charles Oliver, 1701 Pacific street; Henry Petri and M. P. Kroman, 825 Broadway; Zimmerman & Brand, 28 Telegraph avenue; Paul M. Siglav, 209 San Pablo avenue.

The applications of D. W. Barrett & Company, 373 Eleventh street, and H. D. M. Howard, Seventeenth and Telegraph avenue, were laid over, owing to the non-appearance of the applicants.

Councilman Burns objected to granting George Albion a license for a saloon at 469 Seventh street, because Albion was not present. Albion's attorney stated that his client was ill with rheumatism. The committee recommended the granting of the license, however.

N. Rizzo and F. Dipaola of 850 Adeline street were allowed to withdraw their application, after the committee showed that it was against it, Rizzo having applied for a license once before.

There was a protest against the application of Victor Piettonnave, 822 Center street, but the protestants did not appear and the committee recommended the granting of the license.

HARBOR NEEDS THEIR SUBJECT

The main body of delegates to the sixth semi-annual meeting of the Counties Committee of the California Promotion Committee at San Diego Saturday and Sunday, left on the coast line train for the south last night.

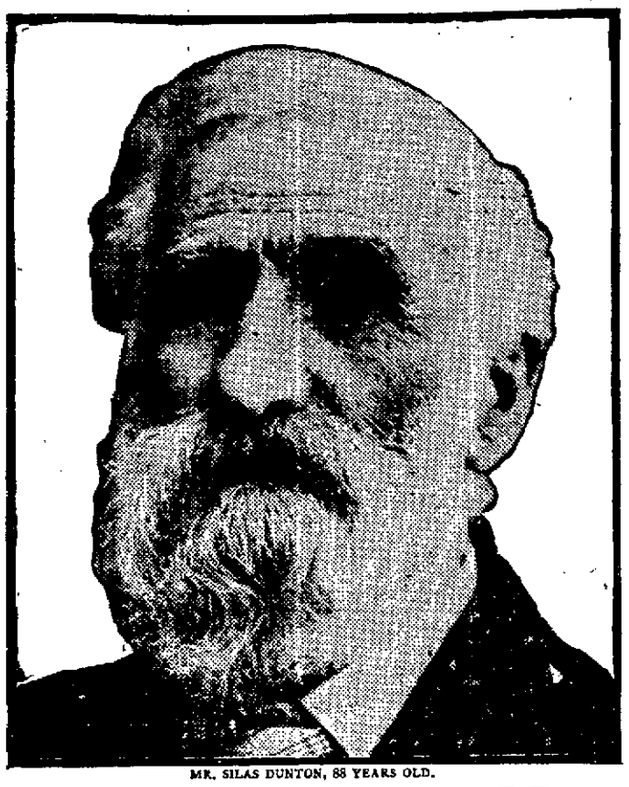

Andrea Sbarboro, chairman of the Counties Committee, will call the meeting to order Saturday morning, and also deliver the response after the address of welcome for the Chamber of Commerce by its president, Dr. Edward Grove. "The Harbors of California" will be the special topic for discussion, and speakers who have been compiling data on the several harbors they represent will address the meeting Saturday. William H. Marston will speak on San Francisco's harbor needs, and Hugh Hogan will talk for Oakland, where the question of harbor improvement is uppermost just now. Every subject relating to the harbors of the State will be discussed by well informed speakers, and a plan of campaign for general harbor improvement will be formulated.

On Saturday night the delegates will attend a banquet at Hotel del Coronado, after which there will be talks illustrated with stereopticon views, including "Harbors of California," by Dr. Clarence E. Edwards, chief of publicity of the Promotion Committee.

Sunday and Monday will be days of interesting excursions for pleasure and profit. The delegates will visit Point Loma, where they will have luncheon and then go by special train to Tia Juana, Mexico, returning to San Diego late in the afternoon by way of Sweetwater dam. La Jolla, Pacific Beach and the region surrounding San Diego will be visited Monday. Several hundred delegates will be in attendance.

DYSENTERY CURED AT 88

MR. SILAS DUNTON, 88 YEARS OLD.

Mr. Silas Dunton, who celebrated his 88th birthday on April 9th, last, and who has been one of the most highly respected and best known merchants for the past 60 years in Millbury, Mass., thanks Duffy's Pure Malt Whiskey for his youth and vigor.

A friend of Mr. Dunton's says he looks so well that he is easily good for twenty years more.

Mr. Dunton visits his store almost every day. Last summer he had a severe attack of dysentery which was completely cured by Duffy's Pure Malt Whiskey.

"I am using Duffy's Pure Malt Whiskey, and think it very valuable as a medicine. Last July I was taken sick with dysentery, and the doctor thought my case was almost hopeless. A good doctor and a very good nurse worked over me night and day for four or five months, giving me all sorts of medicines. Finally I insisted on two or three spoonfuls of Duffy's Pure Malt Whiskey a day, and I do believe it was the medicine that cured me. For a man of 88 years I am very well."—Silas Dunton, Millbury, Mass. May 18th, '06.

Duffy's Pure Malt Whiskey

is an absolutely pure, gentle and invigorating stimulant and tonic, builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles and richness to the blood. It brings into action all the vital forces, it makes digestion perfect and enables you to get from the food you eat the nourishment it contains. It is invaluable for overworked men, delicate women and sickly children. It strengthens the system, is a promotor of good health and longevity, makes the old young and keeps the young strong. Duffy's Pure Malt Whiskey contains no fusel oil and is the only whiskey that is recognized as a medicine. This is a guarantee.

Sold by all druggists and grocers, or direct, in sealed bottles only, never in bulk. Price $1. Insist on the genuine, see that the "Old Chemist" trade-mark is on the label. Beware of refilled bottles and spurious malt whiskey substitutes offered for sale by unreliable dealers. They are positively harmful and will not cure. Medical booklet and doctor's advice free. Duffy Malt Whiskey Co. Rochester, N. Y.

HARBOR BOARD WILL DECIDE

SAN FRANCISCO, Dec. 14.—Even before the work of enlarging the Oakland mole, for which permission was granted in 1902, has been completed, the Southern Pacific again makes application to widen the pier. The matter was formally presented to the War Department several months ago, and has just been returned to the United States Harbor Line Board of San Francisco for consideration. Upon the decision of this body depends the granting of the corporation's request.

There are objections to acceding to the wish of the railroad, however, and the company will have to defend its plan before all who may appear before the Harbor Line Board to oppose it. The commission will hear the case on January 8th at 11 o'clock in rooms of the California Promotion Committee in Union square.

That the addition to the mole will obstruct the free use of the waters of the bay and result in a great accumulation of matter upon the bar outside the heads is one of the principal reasons against granting the request. Major William W. Harts, secretary of the board, said last night: "Just what effect the proposed enlargement would have in this respect is difficult to determine at the present moment. The duty of the Harbor Line Board is to prevent the arising, as far as possible, of circumstances that will result in these great accretions on the bar, and in other ways to guard the best interests of the bay."

The original right to construct the mole, granted many years ago, provided for the solid pier over which the tracks now run. In 1902 another request was made by the Southern Pacific for the right to add a triangle at the end of the mole. This was allowed. The addition is now being constructed, and when completed will be solid. The latest demand is for permission to enlarge this unfinished addition, bringing the starting point of the triangle down the mole much nearer the shore than would be the case when the present addition is completed, and also widening the pier greatly and giving room for many additional tracks.

Reasons Why you should use Cottolene

1—Purity—The source of COTTOLENE is in striking contrast to the source of lard. Lard is made from hog-fat—and COTTOLENE from pure, refined cotton seed oil. Lard contains animal fat and possible impurities; COTTOLENE is essentially a vegetable product; and is pure, wholesome and healthful.

2—Palatableness—COTTOLENE makes more palatable food than lard. It makes food rich, crisp and flaky and at the same time free from that "greasy" taste of lard-soaked food.

3—Digestibility—Hog lard food is greasy and indigestible; COTTOLENE food is easily digested and will agree with the most delicate stomach, as COTTOLENE contains not an ounce of hog-fat.

4—Cleanliness—Lard comes in bulk and insecurely sealed tins, which permit its coming in contact with dirt, dust and contaminating odors. COTTOLENE is sold only in pails with a patent air-tight top which protects it from the air, dirt and odor and insures it reaching the consumer fresh and wholesome.

5—Economy—COTTOLENE being purer than lard or other shortenings, one-third less is required.

ADDRESSES OF TRIBUNE CONTESTANTS MUST BE KNOWN TO THE MANAGER

Great Aid to Each Fighter for Prizes, for Friends Are Constantly Asking Where to Place Their Ballots.

It is urgently requested that the contest manager have the address of each contestant. He is often asked if Mr. So-and-So lives at such-and-such a place and if Miss So-and-So is the friend she knows on such-and-such a street; that if it were she, they would turn in a subscription for her. You may lose quite a few votes that way, simply because the contest manager does not know where you live and cannot say you are the person for whom your friend is inquiring. Your friend does not take the trouble to find out and consequently you lose the votes you otherwise would have gotten. Suppose, for instance, that you are thinking about entering the contest and haven't fully made up your mind about it. You glance at the list and see some one who has entered two or 3 weeks before you at the top with 2000 votes.

IT IS ENCOURAGING.

That discourages you a little, and you think there is no chance of heading it yourself, and you say, Well, So-and-So has a big start and I don't see any chance whatever, so I won't try for that $750 residence lot or any other prize." Reflect just one moment and see if just three yearly subscriptions paid in advance from three of your friends who would be glad of the chance of helping you win, won't even up with the other fellow, and one more yearly subscription won't send you 1000 votes ahead of the leader.

Think of this—just four yearly subscriptions to The Tribune will in one day, for that does work, give you a start that it kept up until the end of the contest will make you the leader and the rest to follow.

You don't want to be following, do you? Of course not, you want to lead and stay in the lead and make every one hustle to get anywhere near you. Now you just get down to work and three friends get their subscriptions right away for one yearly subscription each.

MEANS 3000 VOTES.

That's 3000 votes, now you have a good start, as soon as you have the third subscription go right to work for three more and so on until the end of the contest, and when the ballots are given you will not be sorry you entered the contest, rather than the rest.

You will be glad that you started when you did, for the best trail at the rest of the start and you entered later than they and to win out would put a feather in your cap and also the prize you went after so zealously to win.

DO NOT DELAY.

Don't delay another day, but cut out a coupon from the Tribune, fill in the blank spaces with your name and address written plainly and bring or send it to the contest manager of The Tribune, then get right to work among your friends and acquaintances and in two or three days have enough votes to make these leading workers as they never worked before to keep up with you.

Do not fear if votes you sent in are not counted in the next day's standing for not one vote will be lost, as the office has a perfect system of checking and the correct standings will be in the next issue.

MANNER OF VOTING.

A coupon good for one vote will be published in each issue of The Tribune until the end of the contest. Fill coupon, it clipped and sent to the Contest Manager of THE TRIBUNE, will count as one vote for the contestant named therein.

There is also another way of securing votes and that is by subscriptions. Votes will be given on all paid-in-advance subscriptions as follows:

One month, 65c.....25 extra votes
Three months, $1.95.....100 extra votes
One year, $7.80.....1000 extra votes

As these subscriptions are handed in, certificates will be issued good for the number of votes called for in the above schedule.

The name of the candidate to be voted for must be written on the certificate when issued and is non-trasfrable, but if the party to whom it is issued so desires, the certificate need not be voted at the time of issuance, but may be withheld until the last day of the contest. The votes published in the paper, however, must be voted within ten days.

If you do not fully understand about this, or if you wish information about the best way to go about it to win, call at THE TRIBUNE office or write to Contest Manager, care TRIBUNE.

SHERIFF KEEPS PEACE IN STRUGGLE AGAINST S. P.

Contractors Claim That Southern Pacific Planned to Carry Away Their Warehouse.

Cotton Brothers, contractors, who are contesting with the Southern Pacific Company for the possession of a strip of land on First street, between the Webster and Harrison street bridges, have asked the protection of Sheriff Barnet to prevent the railroad company from carrying off their equipment, and to forestall an apparent attempt on the part of the railroad to send two hundred men to the site and remove Cotton Brothers' warehouse.

Acordingly, Deputy Sheriff John Reilly was sent to keep peace. Late in the afternoon, the Southern Pacific roadmaster, E. O Corrigan, removed his forces. Two cars of material belonging to Cotton Brothers had been loaded, and were apparently about to follow the two sent away last evening, but Ernest Cotton put a stop to this and his forces unloaded the equipment and returned it to the warehouse.

FIGHT TO FINISH.

Ernest Cotton states that this contest is to be a fight to the finish, and that their legal representative, Attorney W. R. Davis, will attend to the legalities of the case.

"It is true," said Cotton, "we did receive a telephone message from the Southern Pacific a few days ago, warning us if we did not get off the property immediately we would be thrown off. Now, the railroad company had no right to issue such an order, and until the case is settled by the court as to who has the rights and title to the property, the railroad must keep its hands off."

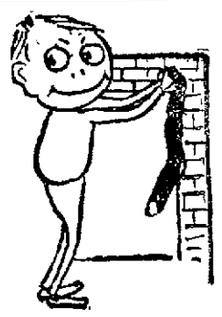

RESURVEY MADE.

Samuel S. Austin, agent for the Webster Street Wharf and Dock Company, which claims title to most of the property lying between the bridges south of First street, ordered a resurvey of the premises made, and yesterday surveyors from the city engineer's office began to relocate the stakes of the property lines.

Austin states that the fight is between Cotton Brothers and the Southern Pacific Company, and that his clients are not interested in the battle, only in so far as their own land is concerned. He states that the wharf company has hold title to three acres in the space south of First street, and that the title was part of the claims successfully maintained by Dameron and Doane some years ago, and that he proposed to hold it against the Southern Pacific or anyone else.

BOY AND FATHER BOTH DISCHARGED

Young Alfred Rowe, who has been arrested several times by the police for complicity in hold thefts has been sent to a reform school at Lytton Springs. The charge of petit larceny against the boy was dismissed this morning by Police Judge Samuels. G. E. Rowe, the father of the lad, who was arrested for not sending his son to school, was also discharged. Rowe claimed that his son was so wayward that he could not keep him in school.

Willie and the Two Kids

Here's a fairy tale about a grouchy old man and his two boys, one was a Sunday boy and the other any-old-day-in-the-week Well, it came Christmas time and the old man gave the good boy a stocking full of candy and nuts, toys galore and in the bad boy's stocking he put two old horseshoes. Christmas morning the boys looked at their things and old stingy asked them how they liked the things Santa Claus brought, and the good little feller said, "Oh, I got some candy and nuts and toys Old Santa is a fine fellow." And the bad boy said, "Say, dad, old Santa Claus is a brick, why he brought me a real horse—but it got away" We are very busy and I guess here is one of the reasons—I overheard two men talking about my boss and here is what I heard: "Isn't it wonderful what a big business Charlie Heeseman is doing," and the man he was talking to said "Yes, it is and no wonder for he carries the best stock of things to wear I ever saw in my life Why, that store is a wonderful place to trade in and your treatment is excellent, and, besides that, Charlie Heeseman is such a darned good fellow" Well, what do you think of that. I guess it's about the suds Come and see the Sunday coats at

OFFER FOR THE FORUM

John Tait Would Give $100,000 for the Local Cafe on Broadway.

As the end of the year approaches, there is a growing desire on the part of San Francisco merchants to acquire business locations in this city.

J. B Knowles, who is associated with George W Austin has had a very interesting experience along these lines during the past week

"A few days ago," said Mr. Knowles, "I was called upon by Mr J. Tait, the proprietor of the celebrated Tait's restaurant of San Francisco. He was prepared to invest heavily in a cafe in Oakland. I had heard that W. H. Brown, of the Forum, was not averse to selling, provided he could get his price. Mr Tait bluntly offered Mr. Brown $100,000 for the lease and good will of the Forum. The suddenness of the offer took Mr. Brown by surprise and he declined to sell his interest.

"Mr Tait then made a proposition to P. Kisich, of the Saddle Rock restaurant, and offered him $45 000 for his lease and good will. Mr. Kisich promptly declined, reasoning, no doubt, that if his lease be worth so much to a stranger, it is equally as valuable to himself I have no doubt that if Mr Brown will really entertain the proposition, I can secure a purchaser of his place for $125,000

"On the first of January a San Francisco merchant, one of the best known, wants to open a large store here, and has authorized me to state that he is prepared to invest a quarter of a million of dollars in Oakland These facts indicate the tremendous value of Broadway property, and with such marvelous rise in values on the city's main street, it stands to reason that the same proportion in values must obtain on adjacent thoroughfares."

S. P. WOULD WIDEN OAKLAND MOLE

The following communication has been received from the office of the chief engineer, headquarters Pacific division of the war department, in San Francisco

EDITOR TRIBUNE Dear Sir—On behalf of the United States harbor line board, I desire to give the following information regarding the date of a public hearing for the purpose of presenting facts and discussing the application of the Southern Pacific company recently made to the war department for permission to widen their Oakland mole. It is hoped that you may find space to insert this notice as news for the benefit of your readers:

The Southern Pacific company having applied to the war department for permission to widen its present mole extending from Oakland into San Francisco Bay, the application has been referred to the United States harbor line board of San Francisco for report and recommendations. This board announces that a public hearing will be held in the rooms of the California Promotion committee, Union Square, San Francisco, January 5, 1907, at 11 o'clock a. m., to hear and consider all facts and arguments that may be presented by those interested in this matter for the consideration of the board. Very respectfully,

WILLIAM M. HARTS,
Major, Corps of Engineers, Secretary.

NEGRESS GUILTY OF DISTURBING PEACE

A sentence to pay a fine of $10 or spend five days in jail was imposed on Mrs A. Lancaster, a negress, living in West Oakland, by Police Judge Samuels this morning. Mrs Lancaster was arrested on a charge of disturbing the peace, after being ousted from a restaurant at Willow and Atlantic streets by George Gordon the proprietor. The latter was also taken into custody, but was found not guilty yesterday morning by Judge Samuels.

CHARGED BY WOMAN WITH STRIKING HER

John Williams was arrested late last night on a charge of battery, preferred by Miss Clara O'Brien, who alleges that Williams struck her. Williams appeared in police court two this morning, but his case was continued until tomorrow for the filing of a complaint. The prisoner was arrested at Fourth street and Broadway.

WAS SOLE SUPPORT OF AGED MOTHER

It was David Lennon, a young ironworker, residing on Hannah street in this city, who was ground to pieces under the Berkeley flyer of the Key Route yesterday morning. Lennon was the sole support of an aged mother. Deceased endeavored to swing aboard the flyer, but slipped and fell beneath the train.

OAKLAND.

No Branch Lace Houses

There is only one H. C. Capwell Co.'s Lace House, and we have no branch stores.

We Are All Making for Progress

It is very proper just now that Oakland should demonstrate her industrial development and her material prosperity. Let the bands play, let the red fire burn, let the gay floats, swift autos and handsome turnouts bedeck themselves with the brightest colors and the most brilliant lights. Above it all, old Santa Claus looks down benignantly and with satisfaction, gratified at the unprecedented showing that Oakland can make on the eve of this year's celebration of the great Christmas festival.

Distinctly Fur Time

Our early touch of winter proved the wisdom of those who made an early selection of furs. If you have not yet chosen one for yourself or for a gift to some one else, you have an unusual opportunity this season, for a delayed shipment has just come through and we are about as well prepared as we were when the season opened.

There is a wide diversity of grades in our furs—scarfs, stoles, throws, fur-in-hands, shoulder capes, etc.; in genuine Siberian Mink, Isabella Fox, Ermine, Marten and also in the less rare furs, such as oppossum, fox, squirrel, chinchilla, wolf, Japanese mink, water rat, etc.

There are good values in furs at **$4.00, $5.00, $6.50, $7.50**, and some very handsome fur pieces in real Siberian Mink up to **$150.**

Fur Sets for Children

Four times as many fur sets for children were bought by us this year as were purchased for our last holiday trade. Yet they are going so fast that for your own contentment we advise an early choice.

They are prettier than ever, and while prices may be the same, there is more real value in each grade. Persian Lamb, Angora, Chinchilla, imitation Ermine, Water Mink—all these furs look pretty on children. Each set consists of collarette and muff—**$1.00, $1.25, $1.50** and to **$7.50** a set.

Gentlemen's Handkerchiefs

It isn't always easy to select a gift that will please a man, especially the nervous, irritable, business-satiated man of today. He's not selfish, only finicky. He likes to be remebered, especially at Christmas time. A half-dozen handkerchiefs will satisfy ninety-nine per cent of all the men.

Japanese silk handkerchiefs, with large or small initials, neatly hemmed—**25c, 50c, 75c** and **$1.00.**

Linen handkerchiefs, initials in different styles, different widths of hem—**six for $1.00; 25c** each: three for **$1.00.**

Plain linen handkerchiefs, with hems of any desired width—**15c, 20c, 25c** and to **75c** each.

Fancy silk handkerchiefs, solid centers and white borders, white figured centers and colored borders; checks and plaids, in blues, greens, grays and lavender—**50c** each.

Silk and linen mixed colored handkerchiefs; corded and plain: very dressy—**50** each.

With every purchase of handkerchiefs from $1.00 upward we give a handsome box with top lithographed in colors.

Silk Reefers and Mufflers

A reefer or muffler in an acceptable color and with the proper initial worked in the corner is always a seasonable and prized gift for a gentleman. All desired colors and in grades at **75c, $1.00, $1.25** and to **$3.25.**

NO CHARGE FOR STAMPING INITIALS.

Holiday Leather Goods

What would a woman do today without a wrist bag? It is useless to answer—it is easier to descant on its merits, especially on the merits of our display of Wrist Bags for the holidays. There are all shapes, all colors, all proper kinds of leathers, and several ways of fixing up the interiors so as to be convenient and useful; and all have handles that are neat, easy to grasp and easy to retain.

In grades they range from **$1.25, $1.50** and to **$17.50.**

ENVELOPE BAGS, a combination of purse, pocket book and wrist bag; with finger strap; come in several styles; priced **50c, 75c, $1.00** and to **$5.00.**

BEADED WRIST BAGS — You all know how pretty they are, in what great variety they have been designed for this holiday season. Probably our selection is more exclusive than you can find anywhere else; prices are **65c, 75c, $1.00** and up to the very handsome grades at **$8.50.**

MUSIC ROLLS, convenient gifts; their virtues known to all—**50c, 75c** and to **$3.50.**

MUSIC BAGS carry the music with a single fold and no crease—**$1.50, $2.00** and to **$3.50.**

GENTLEMEN'S WALLETS; several sizes; always convenient and handy: highly prized as gifts—**50c, 75c, $1.00** and to **$3.95.**

THE "ANTHONY BAGS," a desirable addition to this season's popular novelties—**$1.25, $1.75** and to **$2.50.**

The Hour's Necessity---The Suit Case

The modern suit case has as many uses as poets have attributed to adversity. The traveler, the athlete, the lady going to a ball or party, the man off to a full dress dinner, the bibliophile, the shopper of both sexes—all find great satisfaction in the service rendered them by a suit case.

But more than utility is demanded in a suit case today; it must have a good appearance, must be stylish; it must be right outside and particularly right in the interior. There are hundreds of such suit cases in our leather department; they are priced $5.00, $6.50, $7.50 and to $14.50.

The True Value of a Glove Order

depends entirely on the store which issued it. Two glove orders, nominally costing the same, may represent very different values. A glove order or merchandise order on the H. C. Capwell Company is the equivalent of cash on any one of the thousands of right-priced articles in this big store. It is handier than a check, because we don't even require identification—we are only too pleased to immediately honor our own paper.

If you have a desire to make gifts to a friend, to half a dozen or to a hundred employes what better or more satisfactory medium than one of our glove orders made out for any desired amount?

Gentlemen's Department

We've talked a good deal about the men's furnishing section lately, but each time the ad-writer passes those counters there is always so much that is new and novel that it compels him to stop for a few items.

In every store will be found neckwear, suspenders, shirts, underwear, hosiery, cuff buttons, shirt studs, blanket robes, pajama suits, night shirts, etc.

But we claim an added distinction for each of these lines that you will find in our store—distinction of exclusive novelties.

It may be a new shade in a fancy shirt, a particularly bright blending of color in neckwear, an original design in a blanket robe, a particularly effective silk embroidered pair of suspenders—but whatever it may be, it will be something that will show a difference, something that will be particularly gratifying to the man of pronounced good taste.

Silk neckwear—50c, 75c.
Silk embroidered suspenders (in boxes)—75c, $1.00, $1.50.
Fancy hosiery—25c, 50c.
Fancy dress shirts and coat shirts—$1.00, $1.50.
Blanket robes—$3.50, $4.50, $5.50.
Pajama suits—$1.00, $1.50, $2.00 and to $6.50.

Silk Shawls

No Christmas will ever come when a silk shawl will not be an appropriate gift. They don't alter much in general style, but in quality and pattern they keep pace with up-to-date progress. To be had in black or cream; fringed all around, good silk shoulder-covers, giving plenty of warmth and comfort—**$1.25, $1.50, $1.75** and to **$4.75.**

ICE WOOL FASCINATORS—All colors, wide variety of stitches, plenty of grades from **65c, $1.25** and to **$3.50.**

Fancy Aprons

For a present that any woman will appreciate, give a fancy Swiss apron. These dainty accessories to the afternoon toilette are here in many novel designs—effective arrangements of lace inserting, ribbon beading, Van Dyke points, groups of fine tucks—round, square, of various sizes—priced **25c, 35c, 50c** and to **$2.25.**

And---The Fan

Fans may not be much used in this equable climate, but it is fashionable to display one. The Empire Fan is the fad of this season; they are made of fine gauze, effectively decorated with spangles and hand-decorated sticks: in either French bone or wood—**35c, 50c, 65c, 75c** and to **$6.50.**

A Novelty in Silk Waists $3.95

This waist is something new. It is made of flowered India silk with rows of lace inserting and with tucked and lace inserting yoke effect: short sleeves, also with lace insertion; tucked open back; the patterns are sprays of roses in pink, blue and lavender.

Novelty Net Waists

Some very handsome net waists have just been put on display and they came just in time to reinforce a line that was depleted because of its popularity. However, we are well fixed in net and all-over waists now, and with their silk lining, short sleeves and graceful draping effects, they are strong favorites for evening wear——**$4.95, $5.95, $6.50** and to **$16.50.**

THIS

is the good-natured season of the year, when everyone looks leniently upon the faults of his neighbors. Even a confirmed enemy of slang will not judge too harshly the man with a "package," or the wife who hands him "a package," provided it has the Lehnhardt label on it and the shades of night have not fallen too hard at the hour of giving. There is one thing I like about the vocabulary of the slangist—the wierd, fantastic shades of meaning and the general air of good humor that pervades all slangology. By the way, have you seen the new candy and bon-bon boxes at Lehns? They are certainly works of art.

The Catholics and Kaiser Wilhelm.

The defeat of the Imperial Chancellor in the German Reichstag, on the bill to make a supplementary appropriation to the army budget to defray the expenses of the war of conquest the Kaiser is waging against the natives in Southwest Africa, shows that the Clerical party cannot be relied on to support the Crown on all occasions. For a good many years there has been a close accord between the Imperial Ministry and the Clericals, and the result of this alliance was seen in the repeal of the Falk laws and the abolition of other restrictions on Catholics.

It seems that there is a rift in the lute, however, for the government owes its defeat on the African military appropriation to the Clericals, who joined hands with the Socialists and Poles to defeat the bill. The speech of Prince Von Buelow, the Imperial Chancellor, urging the Reichstag to vote the money, was almost imploring in tone, showing how important the measure was regarded by the Crown Ministers. The desertion of the Clericals under the circumstances was little less than a slap in the face of the Kaiser, who owes his humiliation largely, perhaps, to the drastic policy adopted to denationalize the Catholic Poles of Posen. Von Buelow's abrupt dissolution of the Reichstag showed the chagrin and anger of the Ministry, and is construed as an evidence of feeling against the Centrists, as the Clericals are called.

A break between the Kaiser and the Vatican would be rather awkward for both Pope and potentate at this time. It is difficult to see where Wilhelm's parliamentary majorities are to come from if he alienates the Catholics, and the trouble the Holy See is having in France and Spain just now should be a warning against fresh complications of a political nature. At the very moment France was preparing to renounce her ancient attachment for the Papacy, the Germany Emperor, despite the boast of Bismarck that "we would never go again to Canossa," made a pilgrimage to Rome and paid a visit to His Holiness. The incident was regarded throughout the Christian world as of grave political importance. At the instance of the Imperial Ministry the last of the Falk laws were repealed and the Jesuits allowed to return to Germany. Is the accord re-established between the German court and the Vatican at an end? It would seem so.

Still, the situation in Germany is not apparently propitious for the church to invite a conflict with the secular power. The Socialists are equally hostile to the Crown and the Papacy: they would strip both Pope and Kaiser of all authority if they had the power, hence the alliance of the Ministry and the Clericals has been one for mutual protection as well as of self-interest in other matters. But if the Crown and the Vatican grow antagonistic toward each other, the Socialists will be in a position to aid in turn the Clericals to humiliate and curb the Emperor and the Crown to smite the Catholic church.

The House of Representatives has turned down the spelling reform instituted by the President. Posing as a defender of the language, the House can afford to make faces at the President and give a hint of the insubordination it would like to display in regard to more important matters.

COURTESY IN STREET CARS.

EDITOR TRIBUNE: One of our San Francisco papers is printing a series of articles on dinner etiquette and kindred topics. I wish those articles might include one on car etiquette; but fearing that subject will not be included in those polite talks, may I, with THE TRIBUNE editor's courtesy and through the columns of his valuable paper, offer a suggestion or two annent common courtesy and decency in cars.

Like many others I board the car after the seats are all taken; like many others, I look down the sides of the car and wonder if I can find a seat. And here let me say I am not one of those superior creatures who, with her entrance into the car, expects each man to instantly offer his seat. In fact, I wonder why men are so good in giving up their seats when I see the snippy way in which their kindness is often acknowledged. But what I want to know is: has a woman the right to take on the car a child for whom she pays no fare, but for whom she carefully retains its seat while some grown-up clings to a strap?

Waiving the point that the one who pays his fare is entitled to a seat in preference to one riding free, is it right to the child to allow it to sit there, unconsciously forming habits of selfishness, when a polite hint from the conductor would save the situation, by giving the seat to whom it was due and at the same time perhaps cause the mothe rto see her error? If the mother does not teach the child those little habits of unselfishness who will save it?

It is a curious coincidence that the child's mother is invariably a woman of ample dimensions—one who, really "in her own right," is occupying ten cents worth of space, not including the child's seat, and who has a generous enough lap to hold the child and her bundles besides; while it is the little, slight, timid appearing woman who virtually could sit on a ten-cent piece, and who gathers her child in her lap and otherwise seemingly shrinks within herself in order to make room for others, while her portly "sister" across the aisle aims only for comfort for her and hers, and heeds no one.

Just another incident but about one whose age condemned him instead of whose age excused his lack of nice feeling. It was Sunday morning. In the inside of the car were eleven Chinese, myself and opposite me the man to whom I have just referred—a man of apparent intelligence and good breeding, seemingly. As the conductor passed through the car my vis-a-vis addressed to him a slighting remark about the Chinamen who, to me, were in no way offensive. But my surprise and disgust were equal when the "white man" took from his pocket a toothpick and carefully, laboriously and noisily gave his teeth such a treatment that I am sure they will not recover any sooner than I, who was fairly made sick from that operation and the gale blowing outside made me an unwilling prisoner inside that car.

So my plea is for common courtesy and decency in cars!

Save the Imperial Valley.

Congress should vote an immediate urgency appropriation to repair a new break in the banks of the Colorado River, below Yuma, and restore the stream to its old channel. By an unparalleled display of energy and engineering skill and by incurring enormous expense, the Southern Pacific Company recently closed a break through which the river had been flowing for sixteen months, leaving the old channel down to the Gulf of California nearly dry, while the entire volume of water, ranging from 100,000 second feet at high stages to 10,000 second feet at the lowest stage, flowed through the Imperial valley into what is known as the Salton Sea. But the river has hardly been mastered in one place before it has broken through the natural levee of soft alluvium which confines its channel and has again resumed its march of devastation through one of the richest valleys in the world, which will be entirely submerged and destroyed if the river is not brought under control and turned again to its proper outlet in the Gulf of California.

The importance of bringing the Colorado River under speedy control cannot be estimated. It involves the preservation for tillage of not less than 2,500,000 acres of the most fertile delta land on the face of the earth, the greater part of it lying in California and Arizona. Upon it depends the government reclamation projects at Laguna, twelve miles above Yuma, and at Ehrenberg, still further up. The continued flow of the Colorado into the Salton basin will convert the entire Imperial valley into a vast inland sea and condemn to irreclaimable desert nearly 1,000,000 acres of land the government is preparing to restore to arability by dams and a system of diverting canals at Laguna and Ehrenberg. It will render a dead loss the money expended by the government in making surveys and maps and in constructing the Laguna dam, which is now more than half completed.

The Imperial valley, which lies partly in California and partly in Mexico, immediately south of the Salton Sea, contains a cultivable area of nearly 1,000,000 acres, 225,000 of which are under irrigation and cultivation. It is one of the most productive spots on the globe, and is capable of supporting a large population and producing a prodigious amount of agricultural produce, fruits, stock, etc. Within its area are the prosperous towns of Brawley, Imperial, El Centro, Holtville and Calexico in California and Mexicali in Mexico. The valley contains 10,000 inhabitants, creameries, flour mills, churches, schools and all the appurtenances of a highly developed civilization, although the first settlement began five years ago. If the Colorado is not diverted back to its natural channel, this magnificent domain will be lost to California and the uses of man, its inhabitants rendered homeless and millions of property destroyed.

The great body of the Imperial valley lies below or practically at sea level, while the elevation of the Colorado River at the point where it has burst through its banks is 112 feet above the level of the sea. The lowest point of depression in the Salton basin is 290 feet below sea level. Brawley is 119 feet below the surface of the Gulf of California, Imperial 69 feet, El Centro only a few feet higher, and Holtville and Calexico practically at sea level. All are doomed if the waters are not stayed. During the past sixteen months a lake 41 miles in length, 17 miles wide and 80 feet deep in its deepest part has been created in Salton basin by the Colorado, which will in time, if not arrested, convert the entire depressed area, comprising more than 2000 square miles into a vast inland sea.

An appeal has been made to the government to avert this calamity. The appeal should not be in vain. Congress should respond promptly, and the California delegation should impress upon that body and the President the urgency and importance of the matter.

SOME ANOMALIES OF OUR LANGUAGE.

We'll begin with box, and the plural is boxes,
But the plural of ox should be oxen, not oxes.
The one fowl is a goose, but the two are called geese,
Yet the plural of moose should never be meese,
You may find a lone mouse or a whole nest of mice,
But the plural of house is houses, not hice.
If the plural of man is always called men,
Why couldn't the plural of pan be called pen?
The cow in the plural may be called cows or kine,
But a bow if repeated is never called bine.
And the plural of vows is vows, never vine.
If I speak of a foot and you show me your feet,
If I give you a boot, would a pair be called beet?
If one is a tooth, the whole set are teeth,
Why should't the plural of booth be called beeth?
If the singular's that and the plural is these.
Should the plural of kiss be nicknamed keese?
Then one may be that and three may be those,
Yet hat in the plural would never be hose,
And the plural of cat would be cats, not cose,
We speak of brother and also of brethren,
But though we say mother, we never say methren;
Then the masculine pronouns are he, his and him,
But imagine the feminine she, shis and shim!
So the English, I think, you all will agree,
Is the greatest language you ever did see.

An Artificial Lake on San Pablo and Seventeenth Street

We know we have one of the best mayors Oakland ever had, and we know that we have a most liberal-minded council, a good chief of police and a cracking good fire chief, but when a city's charter is composed of so much red tape as to allow a body of water to be planted in the middle of a business street we kick, especially when it is in such close proximity to our daylight Sausage Kitchen. We are inviting the public every day to come and see us make J. FRANK STRADLING'S FAMOUS QUAKER CLUB HOUSE SAUSAGE, and we hate like thunder to see them drown on the way. Come anyway; it's worth while to risk your life to try our Sausage. We manufacture every known kind on the market.

WOMAN'S RIGHTS.

The Dignity and Sacredness of Motherhood.

Think of the greatest man who has ever lived upon this earth, and then think of him as he lay, an infant, in his mother's arms. Does it seem possible that he should have grown, become great in the world's estimate and perhaps had monuments erected to perpetuate his memory, and yet that the world should have forgotten even the name of the woman who bore him? The son's work is the mother's *primarily* and, therefore, the recognition of the dignity and tender sacredness of motherhood should no longer be delayed. It is high time that this country's greatest treasures—THE WOMEN WHO HAVE CONTRIBUTED LARGELY TO MAKE IT WHAT IT IS—should be recognized.

Why should not these good mothers be given the right to vote and have a voice in our government—a right that is accorded to some of the most ignorant, most insignificant and vilest of men?

It has been well said that "for every monument to a great man . . . he should be a monument to his mother and the mother's monument should be built first."

But it is not so much the purpose of this brief article to advocate the just rights and privileges due to the women of this country, although it has afforded the writer great pleasure to pen the foregoing brief tribute to their worth and just deserts, as it is to call attention to the fact that when broken down in health and strength by over-work, the too frequent bearing of children, the never ending toil, worry and care of the household, or by whatever may overtax the strength and delicacy of her sensitive system, there is *one*, tried and proven, *safe* remedy upon which she may rely to regain health, strength and the power to fully enjoy life.

That remedy is Dr. Pierce's Favorite Prescription—a remedy made wholly from the roots of native forest plants which have been proven to be most *efficacious, reliable* and *safe* in the cure of woman's peculiar weaknesses, periodical pains, irregularities, wasting and weakening catarrhal, pelvic drains and kindred ailments. It is a remedy, the makers of which print its formula on every bottle-wrapper *and attest its completeness and correctness under oath;* a remedy devised and adapted to woman's delicate constitution by an educated physician—an experienced specialist in woman's diseases; a remedy, every ingredient of which has received the written endorsement of the most eminent medical writers of all the several schools of practice for the cure of woman's peculiar diseases; a remedy which has more *bona-fide* cures to its credit than any other sold by druggists for woman's special requirements and the only one which contains no alcohol in its make up

Delicate, weak, nervous women should especially shun the use of alcoholic medicines which, from their stimulating and exhilerating effects may seem, for a time, to do good, but which, from the inevitable effects of the alcohol in shrinking up the red corpuscles of the blood, are sure to do great and lasting harm in the long run. Besides they beget a craving for stimulants which is most deplorable. "Favorite Prescription" is *the one* remedy for woman's ills which contains no alcohol.

Only invigorating and nerve strengthening effects can follow the use of this famous medicine for women. It can not possibly do harm in any state or condition of the system.

If a woman has bearing down, or dragging pains, low down in the abdomen, or pelvis, backache, frequent headaches, dizzy or fainting spells, is nervous and easily startled, has gnawing feeling in stomach, sees imaginary floating specks, or spots before her eyes, has melancholia, or "blues," or a weakening disagreeable, catarrhal drain from pelvic organs, she can make no mistake by resorting to the use of Dr. Pierce's Favorite Prescription. It will invigorate and tone up the whole system and especially the pelvic organs.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. Being made of native American medicinal roots, and without alcohol, it is perfectly harmless in its effects *in any condition of the female system.*

As a powerful invigorating tonic, "Favorite Prescription" imparts lasting strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

No woman suffering from any of the above symptoms can afford to accept any secret nostrum or medicine *of unknown composition*, as a substitute for a medicine like Dr. Pierce's Favorite Prescription, which is OF KNOWN COMPOSITION and has a record of over forty years of cures and sells more largely to-day than ever before. Its makers withhold no secrets from their patients, believing open publicity to be the very best guaranty of merit.

Dr. Pierce invites all suffering women to consult him by letter *free of charge.* All letters of consultation are held as strictly private and sacredly confidential and all answers are returned in plain, sealed envelopes. Address: Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

HERALD SUED FOR $5000

Usinger & Usinger Make Charge of Fraud in Complaint Filed in Court.

Henry C. Usinger and Charles S. Usinger, doing business under the firm name of Usinger & Usinger, real estate and insurance agents of this city, today brought suit in the Superior Court against the Oakland Herald Publishing Company, to recover the sum of $5300. The plaintiffs in their complaint state that the Oakland Herald offered to give $5000 in gold free if it could be shown that they did not have a daily circulation of 22,010. The plaintive avers that the defendant made this statement in its newspaper:

"Five thousand dollars in gold free, if the following statements are not true: The Oakland Herald claims and has a daily circulation of over 22,010. This is guaranteed by $5000 in gold, and all contracts are made on this basis, etc."

Plaintiff avers that he entered into a contract with the defendant to advertise in its newspaper. Subsequently, plaintiffs say, they learned that the circulation of the Oakland Herald at the time of its $5000 offer did not exceed 10,000 copies daily. The plaintiffs in their complaint charge the defendant with making false and fraudulent statements for the sole purpose of, by false pretenses, inducing business concerns to advertise in said daily newspaper.

The plaintiffs say that the defendant violated its contract with them, that they offered to show that said paper did not have the circulation of 22,010, as claimed, and that they demanded the $5000 from the Oakland Herald and the $5000 from the Oakland Herald and were refused the same. They now ask judgment for $5300, the $300 being for an alleged breach of contract regarding the rates charged the plaintiffs.

STATEMENT FROM GIBBONS ON THE CRISIS IN FRANCE

Venerable Churchman Expresses Views on the Clash Between the Church and the State.

BALTIMORE, Md., Dec. 14.—Cardinal Gibbons tonight gave out a statement on the French church crisis, in which he said:

"The American public does not understand the present crisis.

"I am getting to be an old man now, and I think I know my countrymen. They love fair play; they love liberty. They love to see human dealings of man with man. The late years have shown how cordially they hate injustice, tyranny and inhumanity.

"And yet France has treated her noblest citizens with injustice and inhumanity, and America, which has sympathy for the oppressed of all nations, has raised no protest nor uttered a word of sympathy.

"I do not believe my countrymen would knowingly see a great and beneficent organization unjustly deprived of its property and the means of continued usefulness, would knowingly see tens of thousands of honest men and noble women robbed of their just income and means of support; would knowingly see hundreds of thousands and even several millions of people brutally wounded in what they hold dearest and most sacred; would knowingly see a majority in the chambers utterly disregard and trample upon the rights of the minority and the rights of millions of their countrymen—in the name of liberty—would knowingly see tens of thousands of men and women, who happen to be priests and nuns, turned out of their homes for no crime but that of loving God, and serving their neighbor. I say, if my countrymen can see and recognize all this injustice and tyranny and cruelty, and refuse genuine sympathy to those who suffer by them because of their religious belief, then I will leave life without that faith in American love of justice and liberty and humanity which has been my comfort and support and hope during a long career.

FACTS MISREPRESENTED.

"But the American people have not had these things fairly put before them. Our own press has been to a considerable extent the reflex of Parisian anti-clerical press. Most people over here have very little conception of the French anti-clericals. They look on the leaders of this party as enlightened statesmen, seeking to prevent the republic from the attacks of an aggressive clergy.

"There have been honest and sincere lovers of republican government among anti-clericals, I admit, but the majority of them have far less love of the republic than they have hatred of religion.

"I am weighing my words, and I say with deliberate conviction that the leaders of the present French government are actuated by nothing less than hatred of religion.

"We have no spirit akin to theirs in this country. We have here much indifference to religion, but we have no body of men, no great party, that makes it a chief aim to weaken religion, and, if possible, utterly destroy it out of the land.

"But in France the Jacobin party is not dead. Their spirit is as living today as it was in the last decade of the eighteenth century. They hate God, they hate Christ, they hate His religion as much as ever their fathers hated them.

SCIENTIFIC PERSECUTION.

"But they have learned a more prudent and measured method of attack. They are almost scientific in the means they take to suppress Christianity.

"And yet the utterances of such men are received as unsuspectingly by many Americans as would be a discourse by Mr. Cleveland, or Mr. Roosevelt or Mr. Taft, men who recognize the powerful influence that religion has in promoting the welfare of society.

"The present Minister of Public Worship and the most strenuous advocate of the law of separation, M. Briand, said in an address to school teachers:

"'The time has come to foot up from the minds of French children the ancient faith which has served its purpose and replace it with the light of free thought; it is time to get rid of the Christian idea. We have hunted Jesus Christ out of the army, navy, the schools, hospitals, insane or orphan asylums and the courts, and now we must hunt Him out of the State altogether.'

"What would we Americans say if a cabinet officer were to propose this as the great aim of his administration?

"For some reason the sentiments of the anti-clericals are not reproduced by our papers. But let a French statesman utter counsels of moderation and sentiments of liberty when he wishes to check his followers and prevent them from folling his plans by too great haste and zeal, then his fair words are spread before the eyes of our people. They are taken as the expression of wisdom and fair play.

FAIR SPEECH BUT FOUL ACTS.

"For a spinner of beautiful discourses, breathing humanity and justice, the French demagogues cannot be surpassed. It is a common observation of historians that in the most bloody seasons of the French revolution the air was full of sweet words about fraternity and liberty, coming from the very men who made the streets run with blood.

"These men and those who inherit their spirit can talk more divinely and act more diabolically than any other on earth. They do not, of course, want bloodshed, but the spirit of hatred exists in them just as strongly.

"The present conflict dates back to the year 1880, when a large number of religious houses were closed by order of the government and their occupants dispersed and forced to seek religious liberty in the land of the stranger.

"From that time scarcely a year has passed without some annoyance to the church—a series of petty acts of discrimination that were bound in the long run to call for a protest. The protest came in the form of a personal letter from Pope Leo XIII to President Grevy in May, 1883, which was answered courteously enough, but the answer was a mere waste of time and paper, so far as the results were concerned.

INJURIOUS LAWS PASSED.

"In spite of the Pontiff's reasonable objections, the injurious laws were passed. As far as possible, God and religion were banished from the schools and hospitals, the oath deprived of its religious character and clerics impressed into the military service.

"Next, in 1901, the law of association was passed—a law which as interpreted and executed, caused untold misery to thousands. By it the schools in charge of religious bodies were forced out of existence. The members of the different religious congregations, not only male, but female as well, were sent forth, cast out upon the world and obliged either to eke out an existence as best they could in their own native France or go into exile.

"Perhaps the feature of the situation that will surprise us most and call for our just indignation as Americans is the French government's absolute disregard for the property rights of the church. She has been despoiled of the salaries granted to the ministers of religion as a compensation for the funds which the church relinquished under that express end. We say it not in the heat of passion, not as partisans, but simply as lovers of justice.

"It places the church at the mercy of the judgment of the Council of State, whose decisions in these matters are final. Should the church accept the present law, she has before her the very likely prospect of gradual extinction by due process of law.

DISTRUSTS PROMISES.

"She has learned by long and sad experience to place no trust in the promises of the French government. She knows the spirit that animates it.

"She remembers that M. Waldeck-Rousseau was ready enough to interpret liberally the law of associations; but his successor, M Combes, showed himself by no means willing to follow in his footsteps.

"The law of separation, if accepted, will inevitably lead to the destruction of religious liberty, just as the law of associations led to the destruction of religious congregations.

"It is not separation alone, therefore, that the Holy Father is repudiating, but tryanny in the guise of separation Hence it was imperative upon him to resist.

"For the past twenty years and more the policy of the Holy See and the French hetrarchy has been one of patience and conciliation. It was with the deepest regret and only after all his conciliatory measures had failed that the Pontiff at length found himself driven to a course of passive resistance.

"In choosing this course the Holy Father did not run counter to the opinions and wishes of the French Episcopate. A canvass of the situation has shown that the vast majority of the bishops were with him and all, without single exception have respected and obeyed his decisions."

FIERCE SPURT PROVES VAIN

Accident Again Robs Wheelmen of Lap in Six-Day Bicycle Race.

NEW YORK, Dec. 14.—The contestants in the six day bicycle race were grinding out laps in a mechanical manner today after an uneventful night. The positions were unchanged according to the scorers, although many of the spectators believed Stol and Gorget had been lapped after a sensational sprint at 3 a. m. This spurt, as have been so many during the race, was started by the Walthour-Bedell team. It was the longest of any that has yet occurred, lasting 15 minutes.

Walthour and Bedell, smarting under a decision rendered an hour earlier, when a spill robbed them of a lap that they had been hurt in the spill at 2 a. m., that caused all of the riders to do their best, and kept the spectators in a continual roar of cheers and excitement. Relieving each other at every few laps, Walthour and Bedell kept going at their best pace and forced the other riders to call on their partners for help and relief.

WAS KILLING WORK.

Leon Georget and Stol, whose partners had been hurt in the spill at 2 a. m., were the only riders who could not get relief and they had to bear the brunt of the fight for their teams. It was killing work and they finally lagged to such an extent that it was thought they had lost a lap when the sprint, after continuing for 16 minutes, was suspended. The score, however, when hung out at 4 o'clock, showed no change.

Bedell and Walthour protested earnestly this morning when just as they seemed to be about to gain a lap, Georget fell and caused the red flag to be hung out, which indicated that the Walthour-Bedell gain would not count. The riders claimed that the fall was designed in order to block their gain, and for a time they refused to ride again until something was done. They were eventually appeased and the race, which had been delayed an hour, was resumed.

RIDERS PROTEST.

An organized movement in which nearly all the riders joined as a protest against the rulings of the judges in refusing to mark up the laps which some of the riders declare was fairly won, was begun today. The men declare that they have been unfairly treated and that they will do no more real work until the management makes some arrangements by which their gains will be recorded.

Soon after this agreement was reached among the men, the pace dropped to the minimum and the race developed into a slow and uninteresting procession. Arm in arm, members of rival teams pedalled slowly along the level floor at the base of the "bowl," reading the morning papers and joking with one another.

The score of the nine leading teams at 11 a. m. was 1757 miles and 7 laps. Walthour and Bedell and Breton and Samuelson were still a lap behind the leaders and Galvin and Wiley had covered 1750 miles 9 laps.

TRY DANDELION

Try at OUR EXPENSE what Dandelion will do to help you get better. It is an old-fashioned remedy—been in use over four hundred years—this fact alone proves its value as a medicine. Dr. Edwards' Dandelion Tablets and Pills (a famous private prescription) are the best form in which to take this preparation. Get a free trial package at the drug store named below.

What Dandelion Tablets and Pills Are.

Everybody knows that Dandelion is the most valuable of all Nature's remedies. Well, Dr. Edward's Tablets and Pills are simply common dandelion (Taraxicum) in a concentrated form combined with other harmless ingredients of purely vegetable matter. They are one of the very few proprietary medicines endorsed by the medical profession. If your physician desires to know what these preparations contain, have him write us and we will gladly send him the information together with the name of the expert chemist who superintends their manufacture.

Fac-Simile of Label on Box.

Diseases Cured by Dandelion Tablets and Pills.

Constipation.

In constipation the Tablets act as a mild cathartic; the Pills are slightly stronger, but both tablets and pills act upon the mucous membranes of the intestines, therefore their action is absolutely sure and also for this reason they never gripe or cause the least discomfort. They are equally good for children as well as adults, because they are a tonic and do not produce any unnatural condition of the bowels.

Stomach Trouble.

The Tablets are the best to use in case of Stomach Trouble which takes the form of Dyspepsia, Indigestion, Sour Stomach, etc., because they tone up the system and stimulate the flow of gastric juice, thus very effectively aiding the digestive organs to perform their proper functions. Their mildly cathartic action also relieves the stomach of all refuse and undigested matter.

Kidney Trouble and Rheumatism.

All kidney trouble and nearly every case of Rheumatism is due to presence of uric acid in the blood. Dr. Edward's Dandelion Pills through their direct action upon the Liver and Kidneys restore these organs to a sound and healthy condition. The uric acid then passes away through the natural channel and the blood becomes pure again and free from all poisonous matter.

We only guarantee to cure Rheumatism when it is caused by presence of uric acid in the blood. We have cured hundreds of cases because this is usually the cause of rheumatic affections.

Liver Trouble.

Through their direct and immediate action upon the liver Dr. Edward's Dandelion Tablets and Pills induce a natural flow of bile. This relieves the congested condition of the liver and enables it to perform its important work of keeping the bowels and stomach in a healthy condition.

Nervous Trouble.

It is well to remember that disordered nerves are nearly always caused by a disordered stomach. We do not make a specialty of nervous troubles unless they are caused by stomach trouble—then we cure them permanently.

NEWS FROM BERKELEY AND CITY OF ALAMEDA

SIEMSEN SAYS NOT GUILTY

Motion to Set Aside Information is Denied by Judge Cook.

SAN FRANCISCO, Dec. 14.—Superior Judge Carroll Cook today denied the motion to set aside the information in the case of Louis Dabner and John Siemsen, the confessed murderers of M. Munataka, manager of a local Japanese bank. The motion was made on the ground that Police Judge Shortall had not signed the commitment in the case at the time the information was filed. Siemsen was obliged to enter a plea, which was "not guilty."

Dabner was not represented by counsel when court convened today. The young prisoner threw himself upon the mercy of the court and two attorneys were appointed to look out for his interests.

SAN FRANCISCO, Dec. 14.—This morning at 1:30 o'clock the body of a dead baby was found in a vacant lot at the corner of Army and Mission street by Leroy Drake. He notified the police, who have taken possession of the body and are investigating the case.

WILL START FERRY LINE

Berkeley Manufacturers Will Endeavor to Dodge High Rates on Freight.

BERKELEY, Dec. 14.—To get around the present high rates of freightage between West Berkeley and San Francisco, the Berkeley Manufacturers' Association has decided to start a ferry freight line of its own. At the last meeting of the association plans were made for the purchase of a steamer and a site on the water front for a suitable wharf. The manufacturers believe that the aggregate tonnage of the West Berkeley merchandise will warrant the establishment of an independent ferry. A committee has been appointed to ascertain the exact tonnage supplied by the manufacturers. About fifty manufacturing firms are represented in the movement, and their interests aggregate millions of dollars.

HARMFUL STOMACH DOSING

No Need of It When Hyomei Is Used to Cure Catarrh.

Physicians and scientists agree that the less medicine one swallows the better. It is in keeping with this idea that Hyomei is recommended by leading physicians throughout this and other catarrhal sections.

When this treatment is used in catarrhal troubles, there is no stomach dosing, for the medicine is taken in with the air you breathe, and goes right to the spot where the catarrhal germs are present, healing the inflamed and irritated mucous membrane, killing the disease germs and entering the blood with the oxygen, driving out all catarrhal germs from the system.

Do not try to cure catarrh of the head by putting medicine into your stomach—this is neither a scientific nor a common-sense treatment. Breathe the healing balsams of Hyomei and in a few days you will notice relief, and its continued use will result in a complete and lasting cure.

The complete Hyomei outfit costs but $1; extra bottles, if needed, 50 cents. We do not want anyone's money unless Hyomei gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price, and every package is sold with the distinct understanding that it costs nothing unless it cures. Write us today for a symptom blank, which we will send you free, together with treatise on Catarrh and how to cure it. When you fill in and return to us the symptom blank, our consulting physicians will give your case their best care and attention, and write you a letter of advice without charge. The R. T. Booth Company, Buffalo, N. Y.

RECORDER SENDS OUT HIS CHRISTMAS GREETINGS

Keeps Tab on the Students and Forwards Memoranda of Their College Work to Parents.

BERKELEY, Dec. 14.—The bugaboo, the evil genius of the college student. Who is he? Who else than Jimmie Sutton, recorder of the faculties at the State University. Each year the recorder of the institution of higher learning at Berkeley sends to each of the students a little Christmas card stating in what he is delinquent, and what chances he has of remaining in college. What was the consternation of the students this year to find that duplicates of these Christmas cards had also been sent to their parents. They were made aware of the situation when they received letters from home asking what had become of the money sent them for books and equipment. For surely something must be wrong when a student spends a hundred dollars or more for books, pencils and paper and laboratory fees, and can produce nothing more than a "3" in one or two studies, barely enough or not quite enough, to allow him to return once more to the classic halls of Berkeley. From time immemorial "Jimmie" Sutton has been blamed by the college students for his own failure to come up to the mark set by the hard-headed professors. But Sutton is really no more than a head clerk and court of appeal in case of some small doubt as to whether a student has passed the mark that is set for those who wish to continue their studies another six months at Berkeley college. Those who do not pass this mark, to-wit: eight units of college work, must accept a leave of absence, and poor "Jimmie" Sutton is universally regarded by the student as the Evil One, who would cast him into the outer darkness of the outside world.

WILL EXCLUDE JAPANESE FROM ALAMEDA SCHOOLS

Progress Club Meet, Voice Opinions---Will Follow the Lead of City of San Francisco.

At the meeting of the Alameda County Progress Club, held at 865 Broadway last evening, much business of importance was transacted, including the adoption of a set of resolutions appointing a special committee to carry the resolutions, adopted at a previous meeting, to the County Board of Education and the municipal board in control of the schools, calling on them to follow in the footsteps of San Francisco and exclude Japanese from the educational institutions of the county. There were no saving clauses in the resolutions, relative to the maintenance of separate schools. It was a plain demand that all Asiatics, including Japanese, should seek education from other sources than those furnished by Alameda county.

C. D. Rogers, president of the club, then introduced Walter MacArthur, editor of the Coast Seaman's Journal, who made an enthusiastic address on the Japanese question in its relation to the President's message. In part he said:

"This is one of the most serious questions that has been put before the American people since the war of '61," said he. "By introducing it at the present time President Roosevelt has done more to foment strife and to bring about war than any other living man. It is beyond the possibility of thinking at the present time that California will sit idly by and permit, as suggested by President Roosevelt in his last message, all rights and all control over its educational institutions to be transferred to the hands of any single man, even if that man is the President of the United States. Nor would California be alone in her antagonism to the President on this point, as every State and Territory in the Union would support her.

THE REAL QUESTION.

"The question that is confronting us is not merely the exclusion of a few Japanese adults from the primary schools, but the actual exclusion of Japanese natives from the United States. Unless we solve this as we solved the Chinese question, we will always be on the verge of war. It is easy to be seen that, with the free admission of Japanese, which is going on today, they will come continually in competition with the citizens of this country. In proportion to this competition the antagonism to them and the hatred for them will grow. When it grows beyond control, when riots occur and blood is shed, then is the time when Japan, to save its own honor, will send war ships to visit the Pacific Coast that will carry more than a threat with them. In such a case war will be averted only by the backing down of the aggressive nation. It may be taken for granted that the Californians, the men who have won this empire of the West, will not suggest backing down to an Asiatic nation.

WILL NOT BEND KNEE.

"Nor will the states that go to make up the Union cry aloud for peace, if that peace would mean bending the knee. It is not consonant with American character to have such demands made with an enemy at the door."

A committee, consisting of Messrs. Overton, Kelsel and Barton, was appointed to convey the resolutions to the County and Oakland Boards of Education.

SAN FRANCISCO, Dec. 14.—A statement of facts relative to the non-admission of Japanese children to the schools of this city was agreed upon yesterday at the meeting held by United States District Attorney Robert T. Devlin, A. Altmann, president of the Board of Education; City Attorney W. G. Burke and Assistant City Attorney W. T. Baggett. This statement has been telegraphed to the Attorney General at Washington, and such action as he directs will be taken by the local board. Attorney Devlin recommends that the case be tried before the Supreme Court of this State.

The ten-year-old Japanese boy, Kei Kechi Aoki, who was selected for the test case, attended the Redding Primary School until the Board of Education enforced the ordinance providing separate schools for Japanese. It was at first thought that the father of the Japanese boy was a taxpayer in this city, and a paragraph to this effect was included in the statement of facts sent to Washington. However, Altmann, to satisfy himself on this point, went to the Assessor's office after the statement had been telegraphed and found that the Japanese was not a taxpayer. Accordingly another notice, denying that paragraph, has been telegraphed to Washington.

IMPRESSIVE CEREMONIES

Will Mark Laying of Corner Stone of First Presbyterian Church.

BERKELEY, Dec. 14.—With impressive ceremonies the cornerstone of the new First Presbyterian Church, at the corner of Dana street and Channing way, will be laid on the afternoon of Saturday, December 29. The principal speaker at the occasion will be Rev. Hugh K. Miller, D. D., pastor of the Immanuel Presbyterian Church of Los Angeles. John W. Richards will preside. Among the subjects of brief addresses will be an "Historical Sketch," and "Outlook of the Church." Rev. Lapsley A. McAfee, pastor of the church, will also take part in the ceremonies.

The new church, when completed, will be one of the most beautiful edifices in this city. It is to have stone veneering up to the windows and the remainder of the structure will be of wood, artistically designed. It is rapidly nearing completion and it is hoped to have the Sunday-school room ready for occupancy by the first of February.

SUBSIDY BILL BY ROOSEVELT

President Will Send Special Message to This Congress.

WASHINGTON, Dec. 14.—That President Roosevelt will send to Congress a special message advocating the passage of a ship subsidy measure at the present session was stated by several members of the House today. It was said that the President had declared that the recommendation in his annual message was misunderstood. In that message he said that if it were found inexpedient to pass the Senate bill a measure should be passed to provide for a few lines to South American ports. He did not mean to minimize the importance of other features of the bill, it is said, and now purposes to correct any false impression that may have been gained by the House.

No decision as to the committee's attitude on ship subsidy was reached at the caucus of the Republican members of the House committee on merchant marine and fisheries held today.

After discussing the amended Gallinger bill the Republicans took no action but decided to call a meeting of the committee for January 7, when a vote of the whole committee will be taken. It is believed that President Roosevelt's wishes in the matter will have been communicated by that time.

BURGLARS ARE AT WORK

Alameda Has Its Visitation of These Sleek Gentlemen—Other Police Items.

ALAMEDA, Dec. 14.—Among the miscellaneous reports at the police station this morning was from Mrs. G. R. Beasley, whose home is at 922 Pacific avenue. Mrs. Beasley reported that yesterday afternoon she heard a noise in the lower part of her home, but paid no attention to it until later in the day, when she discovered that $80 had been taken from her purse.

Mrs. A. Ward reported from her home at 615 Santa Clara avenue about one o'clock this morning that her husband was creating a disturbance, and if a policeman would be sent down to take him to jail she would swear to a complaint against him. Officer McDonnell went to the Ward home and took the alleged peace disturber to the police station. Despite her statement that she would swear to a complaint, Mrs. Ward refused to do so this morning, and her husband was given his freedom.

For two hours yesterday afternoon three members of the local police force hunted about the city to locate the ten-year-old daughter of Mrs. J. Higby. The little tot left the home at 3223 Encinal avenue, and was missing for some time. She was finally located at the home of a neighbor.

Mrs. Cora B. Miller Makes a Fortune

Says She Will Now Give Away $10,000 Worth of Medicine to Women.

Until a few years ago Mrs. Cora B. Miller lived in a manner similar to that of thousands of other very poor women of the average small town and village. She now resides in her own palatial brown stone residence, and is considered one of the most successful business women in the United States.

Several years ago Mrs. Miller learned of a mild and simple preparation that would readily cure female diseases and piles. After curing herself and many of her friends she was besieged by so many women needing the treatment that she decided to furnish it to those who might call for it. She started with only a few dollars capital and the remedy, possessing true and wonderful merit, producing marvelous cures when doctors and other remedies failed, the demand grew so rapidly she was several times compelled to seek larger quarters. She now occupies one of the city's largest office buildings, which she owns, and almost one hundred clerks and stenographers are required to assist in this great business.

Million Women Use It.

More than a million women have used Mrs. Miller's Specific, and no matter where you live, she can refer you to ladies in your own locality who can and will tell any sufferer that this marvelous remedy really cures women's diseases. Despite the fact that Mrs. Miller's business is very extensive, she is always willing to give aid and advice to every suffering woman who writes to her. She is a generous, good woman and has decided to give away to women who have never used her medicine $10,000.00 worth absolutely FREE.

Every woman suffering with leucorrhoea or whitish discharges, ulcerations, displacements or falling of the womb, profuse, scanty or painful periods, uterine or ovarian tumors or growths, also pains in the head, back and bowels, bearing-down feelings, nervousness, creeping feelings up the spine, melancholy, desire to cry, hot flashes, weariness, or piles from any cause, should sit right down and send her name and address to Mrs. Cora B. Miller, box 3087 Kokomo, Ind., and receive by mail (free of charge in plain wrapper) a 50-cent box of her marvelous Specific; also her valuable book, "How I Cure Female Diseases and Piles."

Remember, this offer will not last long, for thousands and thousands of women who are suffering will take advantage of this generous means of getting cured. So if you are ailing, do not suffer another day, but send your name and address to Mrs. Miller for the book and medicine before the $10,000.00 worth is all gone.

HER ART IS APPRECIATED; BERKELEY GIRL PAINTS WELL

Young Art Student Is Earning Enough With Brush and Pallette to Pay for Education Abroad.

BERKELEY, Dec. 14.—Not every seventeen-year-old girl while attending school is able to earn enough money by art work during her spare moments to pay for her own Christmas presents each year, and at the same time lay aside a considerable sum each year to pay for her education abroad. Yet that is just what Myrtle Hill, the daughter of a South Berkeley dentist, is doing. She held a public sale in a Berkeley real estate office at which were exhibited dozens of the products of her brush, chiefly paintings on wood. There is no girl in her teens in the college town who is so deft with the paint brush and the palette as is Miss Myrtle. She turns out an average of one painting of one sort or another each day. She has earned the unqualified commendation of the more experienced artists of the college town, and Berkeley has come to be regarded as a center of art. Now a student at the Berkeley High school, Miss Myrtle intends with her own money to study in the art schools of the East or of Europe as soon as she has finished her course. Her parents are willing and anxious to pay her expenses at any school she wills to attend, be it in Paris or Turin or Rome, but Miss Myrtle Hill desires to have the name and the glory of having perfected her studies in art with the money derived from her work with the brush. Her idea of the struggling art student is not that of the pale and hollow-cheeked dweller in a garret, who subsists on crusts and water. Miss Myrtle Hill is an enthusiastic student of art, but she is preeminently practical and she has already learned how to subsist while yet a student by a profession which is universally regarded as precarious.

FRA ELBERTUS LOOMS UP

East Amora's Freak Editor Takes Fall Out of Medicos.

BERKELEY, Dec. 14.—The members of the anti-Compulsory Vaccination League in Berkeley are overjoyed at the accession of another man of wide reputation to their ranks. The latest convert to the ranks of the opponents of vaccine virus as a preventative of smallpox is no less a personage than Elbert Hubbard, editor of The Philistine. Hubbard, in his usual witty, sarcastic and slapbang style, casts the rhetorical barpoon into the medical profession and writes vaccination down as a crime and an absurdity—an absurdity as foolish as the belief in India that dried grasshoppers and snakes' tongues are a cure for cholera.

Hubbard has written a letter to Samuel Taylor, who is one of the leaders of the Anti-Vaccination movement in Berkeley, assuring him of his hearty support of the movement in California to secure the repeal of the compulsory vaccination law in California. The league is now getting ready to send a lobby to Sacramento to fight for the repeal of the compulsory vaccination law at the meeting of the legislature in January.

Hubbard's article will be largely used as propaganda in the campaign against the proponents of vaccination.

Here's what the long-haired one says on the vaccination issue:

Doctors deal with the sick, the weak, the nervous, and that there is a constant temptation to a physician to prevaricate is a fact no doctor will deny. Also—the soft pedal, there, professor, please—it is a fact that doctors occasionally overcome the temptation by succumbing to it. Doctor Tilden says that the average practicing physician lies all day long, but Tilden lives in Denver, the home of heresy.

However, to me, it is much more to the credit of Jenner that he lied than that he did the thing he said he did. Those good men who confess murder, simply in order to secure transportation, are not as bad as men who actually have killed their kind.

Vaccination has got to go along with black cat salve for itch, sheep-nanny tea for mumps and that gentle assumption that we must all take sulphur and molasses in the spring.

Forty years ago doctors were a deal more sure of their position than now. They would give a sick man Glauber salts, calomel, iron and quinine, and the man got well—or didn't. If he recovered they would say he got well on account of the medicine, when perhaps he recovered in spite of it. In any event, since then the entire scheme of medicine, as it then existed, has been abandoned, and we have a new materia medica. Doctors now know, and admit, that most people who are ailing would recover without medicine quite as quickly as with.

Now to uproot the fallacy, it was required and necessary that the books which taught it, the schools that endorsed it, and the doctors who practiced it, should all admit they had blundered. That was too much to expect and hence the fight, for it is the nature of man that he would rather protect a lie than be embarrassed by the acknowledgment of the fact that he did not know the truth.

Vaccination has not as much in its favor as the belief in witches, nor is it as reasonable for witchcraft has the endorsement of Scripture.

HEART .·. TRIBUNE'S PAGE FOR WOMEN .·. HOME

REASONS WHY THE TRIBUNE DEVOTES A WHOLE PAGE DAILY TO WOMEN EXCLUSIVELY

Women, in reading a newspaper, are NOT ENTIRELY SATISFIED with it unless it contains some articles exclusively devoted to them. Therefore it is NECESSARY that a PAGE of the UP-TO-DATE newspaper should be given over to the fair sex. Women ALWAYS like to read of some brave action, some remarkable escapade, some peculiarity of their sisters; they like to read AND EXPRESS AN OPINION on the other woman's extravagance, if only to prove to their husbands, (if they are of the married sort), that they are not such terrible spendthrifts. They enjoy the bits of sentiment expressed in various little poems to be seen now and then, and can laugh heartily at the jokes and witticisms scattered about the page. Then, too, there are the COUNTLESS RECIPES of this excellent dish, or that delicious cake, pudding or sauce, which they read with relish, and promptly the scissors are put into play and the CLIPPING PASTED in a handy cook book. The little household hints for repairing, cleaning, preserving or making various articles are also valued, as they only serve to make the economical housewife an even better manager. THE FASHIONS, too, are given a corner, and who can say that they are to be disregarded? Then, there are countless other departments which are given a hearing at various intervals, all of which will find their way into some woman's scrap book. But, best of all, the woman's page is an EXCELLENT BUREAU OF INFORMATION concerning topics of the day (especially those in which women are interested) and selected bits of gossip concerning women of note. It will keep the matron, the miss or the spinster in full touch with women's advancement in all lines of business, and with the enterprising efforts of their sisters in all questions of moment. The DIVORCE QUESTION is touched upon now and then, and what woman is there who is not interested in the outcome of what is sometimes termed "America's worst evil?" Those who favor suffrage for women are advised from time to time concerning its latest devolopment, and various women office-holders, in states where they are allowed suffrage, are mentioned. Splendid OPPORTUNITIES FOR SELF IMPROVEMENT will be found in many of the departments, and no woman who reads the articles will willingly allow them to go unheeded.

As the woman's page IS THE PAGE in the minds of the fair sex, it will not be the editor's fault if it does not satisfy.

MEET, LOVE AND WED IN THREE HOURS

OMAHA, Dec. 14.—Three hours from the time they first met, Jay Dudley and Miss Mae Dwyer, well-known young folks of this city, were made husband and wife.

It came out today that they were married at Council Bluffs yesterday. They met for the first time at the home of a common friend, ate Thanksgiving dinner together, and after dinner were left together for a half hour.

In that half hour Dudley told Miss Dwyer he loved her and asked her to become his wife. She promised to do so, and then Dudley proposed they be married at once. The ceremony followed shortly.

SERVICEABLE FLOOR COVER

Woman tells of Effete Way to Use Faded and Shabby Tapestry.

We had a tapestry carpet that had become too faded and shabby for further use, though it was strong and intact. What to do with it was the question. Suddenly we had an inspiration. We needed new linoleum or oil-cloth in the kitchen; here was our chance. We cleaned the carpet thoroughly and turned it over on the wrong side. Then we gave it two coats of brown paint of a pretty shade, and after that a coat of varnish. When it was dry we laid it in the kitchen, of course with wrong side uppermost, and it looked extremely well. Every now and then we give it another coat of varnish, and it wears splendidly. It has proved itself a most satisfactory and serviceable—an economical—floor covering.

GASOLINE IS A GOOD FRIEND

To the Housewife It Is An Economical Cure for Moths.

Gasoline is the excellent friend of the economical housewife. No moths can live in the rugs, carpets, or upholstered furniture and hangings which have been plentifully besprinkled with it. Clothing and furs, if well saturated with gasoline, may be packed away for months without a thought for their safety. The bath-tub and the sink are easily cleansed with a small amount of it poured on a flannel cloth, while brushes dipped in gasoline come forth fresh and clean.

If a range is carefully wiped with brown paper after cooking greasy food it can be kept bright with little difficulty. Stoves and ranges should be kept free from soot in all the compartments, for if the air passages are clogged an oven will not heat well. It is wiser for the mistress to understand the practical working of her range, unless she has exceptionally good servants, for many hindrances to well-cooked food will be prevented.

Clothespins boiled a few moments and quickly dried, once or twice a month, become more flexible and durable. Clotheslines will last longer and keep in better order if occasionally treated in the same way.

MISS MILDRED MORRIS of Baltimore, sister of Mrs. Henry Clews Jr. Her engagement to John Chester Backus Pendleton has just been announced.

WIFE ASKS $50,000 OF HER RIVAL, WHO IS 63

Seeks Sum for Alienation of Affections of Husband, Who Is 48 Years of Age.

NEW YORK, Dec. 14.—A woman sixty-three years old was yesterday made defendant in a $50,000 suit for alienating the affections of a forty-eight-year-old man who has a forty-seven-year-old wife and three grown children. Mrs. Charles F. McPeek of Ramsay, N. Y., is the complainant, and Mrs. Matilda Hemion, a wealthy widow of the same place, the defendant.

Mrs. Hemion inherited about $80,000 from her father, a farmer known throughout northern New Jersey. McPeek was a hotel man near Tuxedo some years ago, and, it is said, made and spent a fortune, quitting business penniless because of drink. He, too, was known throughout northern New Jersey and was nicknamed "Wildcat" McPeek. Eight years ago he took a liquor cure, and for five years there was happiness in his family.

Mrs. McPeek thought he had gone back to his old habits three years ago, when he began to stay out late at night, and she watched him. She charges that on almost every occasion she saw him enter Mrs. Hemion's home. It is also alleged that they frequently left town on the same train and returned together. On one occasion his wife horsewhipped him.

When asked if she intended to sue for divorce Mrs. McPeek declared last night that she wanted to get the alienation suit disposed of first.

"I have done no wrong," said Mrs. Hemion.

CUPID IS BREAKING UP CLUB; HAPPINESS RESULTS

Two Out of Nine Members Are Already Married; Others Are on the Waiting List.

OXFORD, Pa., Dec. 14.—The most important social event of many a day in Oxford was the marriage of Miss Maria Carolina Hanson to Paul Walter Bauder of Philadelphia.

The bride is a member of a club of young girls, nine in number, who banded together several years ago, calling themselves "Where Are the Nine?" the object being to meet five years hence and relate what fate had befallen them. Of course each girl expects that she will be married by that time, and this break in the circle caused much excitement among them.

At a dinner given last week in honor of Miss Hansen the engagement was announced of Miss Mary Whiteside to Samuel Leeke. Their wedding will take place before Christmas, thus making two weddings inside a month. The remaining seven feel much encouraged and are waiting the coming of their Prince Charming.

A good health and beauty practice is to rub the body every morning with moistened salt, rinsing it away with tepid water and then with cold. This will brighten the eyes, clear the skin and develop the figure.

STARVED WILD-CAT CLAWS GIRL

DENVER, Dec. 14.—While Miss Josephine Moffat, eighteen, was riding alone on horseback recently, down a lone mountain road, a half-strved wildcat leaped to the back of the horse and embedded its claws in the young woman's neck, injuring her severely.

The frightened horse started to run and the cat loosened its hold on the woman to maintain its position on the horse's back. For miles it clawed and bit into the horse's hips, and then finally jumped to the ground. The horse was so weak from loss of blood that it could go but little further. The strange adventure occurred within twenty miles of Denver, near the ranch owned by Miss Moffatt's father. No bobcats had been seen in the vicinity for years.

WOMEN SOLVE MEAT PROBLEM

If Left to the Fair Sex There Would be No Packing-house Scandals.

ST. LOUIS, Dec. 14.—There are two women in St. Louis who offer a simple solution to the meat problem. "Leave the handling of the meat-supply of the world to the women," they say, "and there will be no more packing-house scandals." They believe that the people have faith in the feminine instinct for cleanliness, because they themselves, having gone into the meat-handling business, have more work than they can do.

Two years ago Mrs. William Medley went into her husband's butcher-shop in Webster, a fashionable suburb of St. Louis, to help out during a rush season. She had been a housekeeper for a good many years.

WOMAN TIES NUPTIAL KNOT

She Also Performs Legal Services Required by Dry Documents.

The first woman to perform a civil marriage in the State of New York was Miss Clara Hall, a young law student, who has recently qualified as a commissioner of deeds. The amendment to the Domestic Relations Law in 1901 permits officials of this order to draw up contracts of marriage, and as there is nothing elsewhere in the statutes which prevents officials of this stamp from being women, it is possible that some of the "giving in marriage," as well as the marrying, will, in New York state, be done in future by women.

Miss Hall's work is, as a rule, concerned with a much drier order of documents that marriage contracts, but when a breathless young runaway couple came into her office last month looking for a magistrate to marry them, Miss Hall bethought her of her magisterial prerogatives, and offered to do it herself.

The young couple joyously assented, and the first civil marriage contract negotiated by a woman in New York state was drawn up, signed sealed, and delivered over to the blushing and delighted pair with Miss Hall's magisterial blessing.

THINGS TO DO NOW

Fill the lamps early before dark, for the season of long evenings with a book and a friend have come. Never try to fill a lighted lamp.

Look sharp for defects in the flues. These early twilights and cold nights sometimes tempt us to force the fires without thinking of fire risks.

The curfew hour means literally the cover fire hour, when the fires are banked for the night. The only safe plan for an open fire is to cover the logs with ashes and use a screen. Don't omit the screen.

Never economize the draft of the parlor stove on a calm, cloudy night. The absence of natural draft or an open window may set the current of unburned gas in motion the wrong way.

When lighting a lamp turn the lamp down low. The perforated metal of the burner is cold. Soon it becomes hot and the air passing through it is heated and the flame becomes larger and brighter. The only safe plan is to start with a small flame, for, if turned up at the start, it will surely smoke.

In burning sifted coal in the kitchen fire, sprinkle the sifings with water before placing on the fire.

Has the refrigerator gone out of commission? Look sharp inside. Absolute cleanliness is the price of safety.

Good time to look over the garden tools. Clean and put away in a dry place. Wipe over iron tools with a greasy rag. Rust is insidious.

Store the hammock and the piazza chairs in the attic—not in the barn or the cellar.

A glazier's diamond and a pound of putty, with a few sheets of glass, may save a trip to the painter these snowball days. Mending a broken window is a little accomplishment worth knowing on a cold day.

CONDENSED MILK CAN FINDS HUBBY FOR GIRL

Inscribes Her Name on the Label and Fate Links Her Name With That of a Soldier.

GREENVILLE, Ill., Dec. 14.—Not many months ago Miss Laura E. Turner of Greenville was employed here in the labelling room of the condensed milk factory, and one day she inscribed her name and address on one of the labels. Fate that was soon to link her name with that of Quartermaster-Sergeant Eber I. Sharp, U. S. A., Fort Bliss, Tex., carried that can of condensed milk with Miss Turner's name upon it straight to Fort Bliss.

It was a propitious destination, but even there it took a risk. There were many married men at the post. Married men use more cans of condensed milk than unmarried ones. Yet that can with a girl's name on it went to the quarters of Post Quartermaster-Sergeant Eber I. Sharp, the handsomest single man at the fort, and when he started to open it he caught sight of that name.

The gallant sergeant at once sent a letter to Miss Laura Turner, Greenville, Ill. Then the sergeant emptied the can, washed it and polished it, and set it up on a little shelf in his own private room, the first sacred symbol on his shrine of love and waited.

The way was opened. Dan Cupid was at work. An exchange of photographs followed, then an engagement. Now Sharp is soon to come to Greenville to claim his bride, and Miss Turner is happy in the thought that she is to become the wife of a brave soldier boy.

AGED ELOPERS FOILED AFTER EXCITING CHASE

Man's Son Gives Chase and Prevents the Marriage, Alleging for So Doing "Too Many years".

BENTONVILLE, Ark., Dec. 14.—Believing that Mrs. Jane Salisbury, a widow who has passed the half century mark, would be a solace to him in his declining years, the Rev. A. A. Rhell, aged eighty and an ordained minister of the Christian Church at Siloam Springs, thirty miles from Bentonville, suggested marriage to her and she said the idea was excellent.

Having well-founded fears of opposition on the part of the minister's son, Chris Rhell, they made a start for Bentonville to get married, but had not been gone long before the son heard of his father's intentions. Then he, too, started for Bentonville.

The race was an exciting one, but the son won, and secured the restraining order. His application alleges his father is growing too old and childish to properly handle his property.

See that a good warm breakfast is provided for those who must go out early, and insist upon promptness from the partakers if a number of servants are not at hand to keep the dishes hot. Lukewarm coffee, cold potatoes and the like are neither appetizing nor good for one on a cold morning.

DOGS FIGHT; SO DO WOMAN OWNERS

Two angry women faced each other in police court as a result of a quarrel over their respective dogs. One was a Mrs. Ackerman, who claimed she had been bitten by a Mrs. Probert's pet. They live at 4970 Perry, the latter renting from the former.

There was a "no dog and no children" clause in the rental agreement, but Mrs. Probert ignored it so far as a dog was concerned. Mrs. Ackerman has a pet of her own and the two animals mixed up in an old-fashioned dog fight. Mrs. Ackerman kicked the Probert dog and was bitten.

The case was dismissed by the Police Magistrate because the landlady had been on Mrs. Probert's side of the house when she was bitten.

HE WAITS 44 YEARS FOR HER

Girl Refuses to Marry Until Mother Dies—Parent Lives to Ninety-three.

MILTON, Ky., Dec. 14.—After a wait of 44 years, W. D. Coffin, a well-to-do and popular farmer of this county, has wedded Miss Ophelia Humphrey, who lives on a neighboring farm.

In the parsonage of the Christian Church here the culmination of the romance came when the Rev. W. B. Snyder performed the ceremony in the presence of a few friends.

Both the contracting parties are 63 years old. Ardent suitor though he was, Mr. Coffin was unable to get his sweetheart's consent to become his wife before the demise of her mother.

The latter died several months ago at 93, and the lover, old in years, but young in affection, then asked Miss Humphrey to make good her promise. The ceremony here was the result.

USE OF CAMPHOR SAVES LABOR

The Resin as a Silverware Cleaner and Polisher Is Unexcelled.

To save labor, and at the same time keep the household silverware bright without constant polishing, camphor is valuable. If a lump of it is placed on each shelf of the closet or cabinet where the silver is kept a thorough cleaning and polishing is necessary only every few months. A lump of camphor the size of an egg should be kept in the drawer or chest with the flat silver.

Stoutness has its compensations; among them a faultless complexion. It is rare that a naturally stout woman has other than a clear, rosy skin. Then, too, extra flesh may be held into very nearly graceful lines by well-fitted corsets and a good dressmaker. Eternal vigilence in dress details—colors, patterns, materials, perfection in neatness, grace and dignity—all will contribute toward making for the stout woman an attractive appearance.

Sometimes the best of soap disagrees with the skin. An excellent substitute is almond meal. It is good, too, to use in hard water. Dip a clean face cloth in hot water, then sprinkle a small amount of almond meal on it and wash the face as with soap and water. Rinse thoroughly.

DURNELL'S COLT NEALON IS A WINNER

TAKES YESTERDAY'S LAST EVENT LIKE BREAKING STICKS.

Jockey Redfern, After Year's Absence, Is Here Again.

Yesterday's features at Williams Park were two-fold. The sixth race on the card had for one of its starters the $15,000 colt Nealon, owned by C. E. Durnell, and for the Sain colt's pilot, Arthur Redfern, who for two years has not been seen in this neck of the woods. The changed weather condition, which by the way gave every indication of being fair, together with a good card, vied with each other in attracting an unusually large Thursday crowd.

FIRST RACE—Pickaway held at 7 to 2 in the betting, got a flying start in the curtain-raiser, a one mile dash for four-year-olds and upwards, which won for him. On the end he was floundering, and fairly staggered home. Monaco Maid, after gamely chasing the pacemaker, stood a long hard drive and stalled off the fast-coming Dorado for the place. The latter was always favorite and heavily bet on.

* * *

SECOND RACE—Cloche D'Or, closing at 2 to 1, won the second one mile dash, which was a split of the first. The chestnut mare simply galloped home, when the jockey let her down, winning in the easiest possible fashion. Clandestine got the place from El Chihuahua.

* * *

THIRD RACE—Eight to one was the price quoted against Mrs. Mathews, the winner of the five furlong sprint, running in the colors of Alec Covington. The Schriber cast-off was away poorly, but overtook the pacemaker Pescadera at the three-quarter pole, and maintained the lead to the wire. Peerless Lass closed like a cyclone and got place honors from the fast tiring pacemaker.

* * *

FOURTH RACE—Orchan, the favorite, floundered all through the final eighth of the mile and a quarter event, which cost the Ramsey gelding the purse. Dolinda, held at 9 to 5, simply outgamed Orchan, and under a clever hand ride won by a head. Inflammable was an easy third. The public bet heavily on Orchan, but the little boy was unable to do the horse justice in this heavy going.

* * *

FIFTH RACE—Lord Nelson with Jockey Miller in the boot, and held at prohibitive odds of 2 to 5, went to the front immediately after the rise of the barrier and won by two lengths. The Rowell gelding was heavily backed by the sure-thing players and never for a moment left the result in doubt. Alma Boy ran a nice race and was second. Cock Sure made up ground and took show money from Chief Wittman.

* * *

SIXTH RACE—Nealon won the final event like breaking sticks. Heavily played at 11 to 20. Jockey Redfern held him in check till the stretch was reached, where he let the colt down, and simply cantered home. Sir Russell set the pace, but tired and lost the place to Boloman.

* * *

Jockey Brussell in turn was given a week on the ground for striking Hunter with his whip.

* * *

Dorado was claimed by Zeke Abrams, owner of Sir Carter, for $725.

* * *

Clocker Bill Curtis was again in line, with four winners yesterday.

* * *

The Tribune gave Pickaway, Lord Nelson and Nealon yesterday.

* * *

The scratches yesterday were Crescerton, Parting Jennie, Sinner Simon, Rose Cherry, Furze and Banposal.

* * *

Bookmaker C. F. Hatchcraft is a late arrival from New York.

* * *

Even Jockey Jarrett could have won on Lord Nelson.

* * *

The many friends of Johnny Millin will be sorry to learn that he has been taken suddenly ill and had to be removed to the Providence Hospital.

* * *

Owner Jack Case is surely in hard luck. The other day his good bread winner, Critical, was kicked at the post by Proper and put out of commission. Yesterday Esramado refused to eat his oats.

* * *

Little Jockey Brussell, who had the mount on Dorado in the first race, was given a week on the ground for striking Jockey Hunter, who had the boot up on Monaco Maid over the head with his whip turning into the stretch.

* * *

Zeak Abrams, owner Sir Carter, claimed Dorado for $725. He was offered $800, but refused that price.

* * *

Jockey Hunter was handed $25 by the judges for cutting in with Monaco Maid on the first turn.

JOCKEY MAY NOT RIDE IN WEST

NEW YORK, Dec. 14.—Herman Radtke, the jockey who was suspended last fall as the result of an alleged bad ride on the horse Tommy Waddell, will probably not be able to ride in California this winter, as he had planned. At the regular monthly meeting of the stockholders and stewards of the Jockey club yesterday afternoon his case was presented but was laid on the table for future action.

SIX BATTLES AT DREAMLAND TONIGHT

SAN FRANCISCO, Dec. 14.—Tonight at Dreamland the Manhattan club will put on six bouts, the main event being a heavyweight contest between "Tat" Reardon, the husky local boxer, and C. Mayer, the New Yorker. The special events are to be furnished by Kyle Whitney, the colored welterweight, and Jack Greggains, and Johnny Murphy versus Jack Doyle. In case Murphy gains as clean-cut a victory as he did in his last engagement against Loren Brown, he will try to catch on at Los Angeles in a bout of longer duration. The other three bouts will bring together Jim Ford, a top-notcher in the lightweight division, versus Andy West; Alex McDonald versus Tommy McCarthy, and Tommy Murphy versus Phil Knight.

WOULD MATCH NEIL AND WALSH

LOS ANGELES, Dec. 14.—Manager McCarey of the Pacific Athletic club has under consideration a match between Jimmy Walsh, the game bantam from Boston, who was defeated by Abe Attell last week, and Owen Moran, the English bantam. If Moran will come here and make the bantam weight he will be matched, otherwise McCarey will endeavor to get Frankie Neil to hook up with Walsh. Two more popular fighters never appeared in the Los Angeles arena than Walsh and Neil. Although both lost their battles here, their gameness won for them many friends.

CLEVER SALES OF BOOKIES AT THE BENNINGS TRACK

"If the Bennings betting system spreads to New York next season, as a good many predict, we will be apt to see the adoption of the grotesque costumes of the bookmakers of the English race courses by our own layers," said a Chicagoan just returned from a profitable season of betting in the East. "As the Bennings meeting wore on I got to like the system, but on the first day it worked like a bad dream. The bookmakers were dressed so much alike that many people, after locating one in the moving throng and making a bet, experienced some trouble in finding that particular layer to collect the winnings. On the first day the players would stand off and study the bookies for a long time after making a bet so as to fix the facial characteristics of the chalkers in their minds. Then the bettors would mooch around the lawn, repeating these marks to themselves so as to make sure they would not forget 'em.

"'Pink hair and a cauliflower ear—pink hair and a cauliflower ear,' I heard one of the Washington bettors mumbling to himself, like an escaped bug, down near the rail, and when I asked him to let me on it so's I could have something to occupy my mind too, he told me that the bookie wite whom he had just made a bet had the pink hemp and the knobby ear and that he was keeping himself in mind of these facts by repeating them to himself.

WART ON CHIN.

"'One lamp with the fuse blown out and a wart on the left side of the chin,' I heard another of 'em muttering to himself as he studied his program, and he too was keeping himself in mind of what his bookie looked like so that he'd have at least a reasonable chance to get something back if his horse copped.

"On the second day the layers showed up with all kinds of flowers and things in their buttonholes to identify themselves. They wore chrysanthemums of different colors, for example.

"The bookie that you made your bet with would have a big yellow chrysanthemum stuck in the buttonhole of his overcoat, and all the members of his crew would be rigged out with the same kind. That would give the people who didn't know the bookies' faces something to go by.

"The bettor would see three or four big yellow chrysanthemums in a bunch, and then he'd take a peek at the face of the man with the slate in that group, and he'd have a fair chance to make his identification. Other bookies wore violets, rigging their crew out the same way.

"Others had roses at four bits a throw, with the members of the crew also staked to the fifty cent exotics. There weren't enough flowers to go round, of course, after the chrysanthemums, violets, roses, carnations and such like were utilized by the chaps who first thought of this scheme, and then other ornaments began to appear in the bookies' buttonholes.

CARROT IN COAT.

"One of them wore a carrot on his lapel, with his crew similarly fixed out. Another chose the cauliflower for his, and still another had a purple cabbage stuck on his coat and provided his crew with the same.

"These were distinctive badges and made the bookies fairly easy to identify, once they could be actually found by the puzzled bettors.

"'Let's see, 30 to 10 on the favorite with Turnips,' the bettor would mumble to himself and then he'd pencil his bet on his program, and put the word Turnips underneath it so as to remind himself that he had made his bet with the bookmaker who had adopted the turnip as his business badge and symbol.

"As the meeting progressed a lot of the bookies took to wearing strange looking hats so as to furnish additional means of identifying themselves to the players. The flowers and such junk pinned to the coat lapels were all right in their way, but they were somewhat hidden in the teeming ring crowds, and the hat thing was recognized as meritorious because the hat stands out above the crowd, and a peculiar looking lid is the first thing that is noticed about a man.

SUCH TOP PIECES.

"You never saw such top pieces on earth as the layers wore in that Bennings ring after this hat gag took hold. They'd carry the hats out to the ring with them as props, only wearing them in the ring, and the headgear made them look like vaudeville monologists in costume.

"Some of them went down the bay, as rummaging around in the second hand section is called, and picked out their ring lids. Some of those top pieces must have been fifty years old.

"There were bell crowned white beavers, dinky Dave Warfield derbies that came down over the layers' ears, and truck of that kind that passed out of date in Carrie Nation's girlhood. Some of the chalkers wore big yellow sombreros, banded around with buckled straps, for the purpose of ring identification.

"Others wore old straw hats on the warm days. One of the local layers wore a yellow cap with the name of a punk brand of cigarettes printed in big letters, all over the front of it.

"It was a case with the layers of wearing any old thing that would enable their players to catch a quick flash at them as they moseyed around the ring and the rest of the place, and the system served pretty well at that. If the chalkers had not adopted some such means of distinguishing themselves one from the other, the players would sure have been in trouble, for not many men have a keen memory for faces, and the bookies on the first day wore mostly the same kind of overcoats and hats and neckties and such like."

WRESTLER IS AFTER A MATCH

Dennis Gallagher, the Irish heavyweight wrestler, has issued a sweeping challenge to all wrestlers. He says he can defeat any man in the world at the mixed styles.

Gallagher prefers a bout with Tom Jenkins or Frank Gotch. At catch-as-catch-can style Gallagher says he can throw John Piening, the Butcher Boy, in an hour.—New York World.

13 HOODOO HIT BOOKIES AT ASCOT

EASY FOR BIG CROWD TO PICK WINNERS IN 6 GOOD RACES.

Three Favorites Take Purses After Exciting Brushes in Stretch.

LOS ANGELES, Dec. 13.—A large crowd took advantage of the fine weather and journeyed to Ascot, and, despite that it was the thirteenth day of racing, as well as the 13th day of the month, so many succeeded in picking the winners that nearly every book quit loser on the day.

The feature of the program was the two-year-old handicap, which attracted a field of seven, and so cleverly had Handicapper Boden adjusted the weights that five starters were heavily played, Holland's Colonel Jack being favorite at 7 to 5. Off to a good start, Black Mate rushed to the front, but at the padodck, Colonel Jack caught him and, with Boland sitting still, looked an easy winner. Black Mate, however, held on gamely, while Jack tired right at the end, the former winning by a head. Boland came in for harsh criticism for his overconfident finish. Col. Jack was conceding eighteen pounds to the winner and his performance was very meritorious.

The balance of the races were for selling platers, but resulted in several tight finishes. Three favorites, Toller, Reservation and Betsy, won, while Jockey Keogh carried off riding honors with two victories. Weather, clear, track, good.

FAST BATTLES FOR WEST OAKLAND

Loren Brown and Jack Evans, who are to box the main event at the West Oakland Club Tuesday evening, are both training hard for their go, as there is quite a bit of rivalry between them and both are very anxious to win.

The special event will be furnished by Harry Sheridan and the Congo Coon. These two boys put up a rattling good bout at the Reliance Club a few months ago, which ended in a draw. Since then both have been anxious for a return match, and as they now have their chance, a rattling good go can be expected.

In arranging the preliminaries the matchmaker has secured good talent from both San Francisco and Oakland. The curtain-raiser will bring together Young Casey and Eddie Dunn, both of Oakland, and the rest of the card is as follows: Kid Brady vs. Jim Murphy, George Wilson vs. Kid Alameda, Otto Horn vs. Pete Slavich.

O'BRIEN ACCEPTS OFFER TO FIGHT IN RHYOLITE

Rhyolite, Nev., is itching to break into the fight game, and has made Jack O'Brien and Tommy Burns a bona fide offer of $25,000 for a finish fight to take place about the first of April. F. Clarke Skinner, who is negotiating the deal, has posted a certified check to show that he means business, and has given the fighters until Monday to accept or reject the proposition. O'Brien has already accepted, and if Burns agrees, as a dispatch from Los Angeles indicates he will, the fight can be considered a go.

Jack O'Brien wired last night as follows:

"F. Clarke Skinner of Rhyolite, the millionaire miner, representing the Rhyolite Athletic Association, posted a certified check guaranteeing a $25,000 purse for a finish fight between Burns and myself on April 1 or thereabouts. I have accepted the offer, and it is now up to Burns, the Pacific Athletic club's champion, to do likewise."

According to the stories that have come out of Los Angeles recently, when Tom McCarey offered the $5000 belt for the championship, together with the promise of a suitable purse, Burns agreed and posted a forfeit to take on O'Brien before the Pacific Athletic club or not at all. However, as McCarey cannot compete with the Rhyolite people in the matter of offering handsome purses, it is quite likely that he will tell Tommy to take the offer of the Nevada camp and grab all the money in sight.

Such an arrangement ought to suit both fighters. It will give O'Brien a chance to recuperate from the beating that he took and will also give Burns a chance to go on the road for a time and pick up a little easy money. Then, too, as neither fighter is anxious to dispose of his interest in the moving pictures, the four months will give plenty of time for exhibition of the films throughout the United States.

* * *

Abe Attell will return to Los Angeles next Tuesday to continue his negotiations with McCarey in regard to the fight with Harry Baker that has already been set for January 18. The club wanted Attell and Baker to fight for fifty per cent of the receipts. Abe wants an additional ten per cent all to himself and says he thinks he will get it.

"I see it has been suggested that I might fight Jimmy Britt," he said. "If Britt will make 133 pounds ringside, for me, I am willing to fight him at any time. I do not believe that Fitzgerald can make 133 pounds. The best he can do is 135 at 3 o'clock and if Britt sticks to the condition of 133 pounds, Fitzgerald will not be able to go on. In such a case I would be willing to meet Britt, providing that I am not tied up with other engagements. After the Baker fight I expect to go into business in San Francisco and will take a rest from the fighting game. I have been meeting all comers in my class and think I am entitled to quit for a time.

"Just take it for me that if Burns and O'Brien fight again, Burns will win. He has the strength and has plenty of speed. In fact, I don't think that O'Brien will ever go into the ring with Burns. I think he has had enough of that game and will quit for a time."

FORGOTTEN MINING STOCK NETTED GANS SNUG SUM

TONOPAH, Nev., Dec. 14.—Just a day or so ago Joe Gans discovered, much to his surprise, that he is some three thousand dollars richer than he thought.

The discovery of his good fortune came to Joe through a local broker. It seems that while he was in training for his bout with Nelson at Goldfield last summer, the champion was presented with a one thousand share certificate of Death Valley and Greenwater copper stock by Malcolm MacDonald, Schwab's chief Nevada representative. Joe knows more about hooking an opponent on the point of the chin or steering short arm jolts into the midriff than he does about mining stock. When Joe was handed the certificate he pitched the highly decorated piece of paper into the tray of his trunk and forgot all about it.

While Joe was flying around the east doing a boxing stunt on the stage, someone asked him what stock he had been given at Goldfield and the champion did not know. Joe did not think it worth while to look up the stock and when he arrived in Tonopah he was as ignorant as ever of the snug little fortune that the certificate in his trunk represented.

Shortly after his arrival here Joe was sitting in the office of the Casino club, when there came a knock at the door and an inquiry for Gans. Joe went out and was confronted by one of the leading brokers of the town who led Joe off to one side and whispered something in the champ's off ear. Joe showed his ivories in a broad smile and started to dig around in his pockets. Failing in his search for that thousand share certificate, Joe made a date with the broker for an hour later. On his return to the office Gans told Riley that he had been offered $2000 for the shares he held in the Greenwatr property. Riley advised that Joe learn the market price of the stock before he closed the deal. The telephone was resorted to and it was found that the stock was worth close to $3000. Gans immediately advised the broker that he would not consider the sale.

After inquiring about the stock Joe decided that it was a good "hold" and he placed the certificate in the safe deposit vault.

HE BUILDS HOUSES FOR THE BIRDS

In Central park a carpenter has erected a large number of little houses up in the highest branches of the tallest trees The houses are built of small tree branches and are about a foot and a half long and a foot wide In the forward part of each little house a small doorway has been cut to admit the entrance of birds Flocks of English sparrows and robin redbreasts make these little houses their homes A flock of sparrows have one house and a flock of robbins have another but the birds never live together in the same house The birds build their nests in these houses as well as store their food in them. Occasionally there is a dispute as to ownership The other afternoon a large gray squirrel tried to force an entrance into a house occupied by robins The robins attacked the would-be intruder with so much vigor that the squirrel fled in confusion Most of the children who go into the park with their nurses always bring a bag of bread or cracker crumbs to feed the birds Some of the sparrows become so bold that they hop right up in the children's laps

USES FOR SALT.

Here are several uses for salt Put a pinch in the eggs you are beating and they will be light in a much shorter time

Sprinkle it on the fire and you will gain the blue flame so much desired for broiling steaks or chops

Sprinkle it in the bottom of the oven and your cakes will not burn

Pour it quickly on spilled claret or ink and it will absorb most or all of the liquid before it has time to stain

Salt makes an excellent toothpowder, but it is not advisable to use it daily, as it will spoil the enamel if used too frequently Still, an occasional brushing with it is recommended

Sprinkle it on the coals and shake your damp, uncurled ostrich feathers over the fumes, and the tendrils will curl up smartly

Bathe your tired eyes in salt and water and you will be astonished at the strength it gives them

Cakes candies and almost everything that is cooked are improved with a pinch of salt

MYSTERIOUS BALL

Pedestrians on Broadway stop at a busy corner to watch a ping pong ball floating in the air eight or ten inches over a horizontal arc light No doubt it is the jet of superheated air from the dazzling point that buoys up the ball just as a jet of water sustains a metal ball in a fountain but this explanation satisfies very few of those who stop to look The women all favor the theory of an invisible wire, the men usually conclude that it is the electric force acting repulsively as they have seen a compass do when a magnet is placed near it

TIRE DOF DIAMONDS.

Some one recently declared that the social leaders of this city are lamenting because the diamond is not waning in popularity, and that they are tired of the white, glittering carbons, which they are prepared to forsake in their preference for other precious stones What an absurdity! The diamond was never more popular with the impenetrable circle of fashion in this city than last week during the horse show Diamonds galore were purchased for the great society event and precious gems valued at millions, which had reposed in safe deposit vaults, were taken forth by their valuts, were taken forth by their fair owner to glisten and sparkle.

BROADWAY'S TEMPLE.

Broadway has a new church one situated in the portion of that thoroughfare in which churches are not quite such conspicuous adornments of the street as theaters or other places of amusement It consists of a small hall over a cheap restaurant and bears the exalted title, "Temple of Buddha," the legend being painted in white letters on Sunday nights, when lectures are delivered by a disciple of the occult, whose likeness appears on the double glass doors leading from the street level to the hall above.

NO NEED OF WORRY

A Progressive Store Helps to Make This Christmas a Merry One For All.

THE CALIFORNIA OUTFITTING COMPANY'S SPLENDID CREDIT SERVICE A WONDERFUL AID AT THIS TIME OF THE YEAR WHEN THIS SORT OF AID IS MOST WELCOME.

What does credit mean at Christmas time? How many of us are made to think that Christmas, with all its pleasure and gayety, is really "worrying time?" It is "worrying time" to the majority of people, and all the worrying grows out of one question: How shall we pay for what we buy? The question is simple; the California Outfitting Company helps us with the answer: "Let Credit stand for money." Their credit plan was not inaugurated without a definite object in view. There is a philosophy in back of it all, and the whole philosophy is contained in those five simple words, "Let credit stand for money." The California Outfitting Company's credit service is a boon to all. It is simple, it is practical and it is appealing to thousands of people. It eliminates every symptom of Christmas care and trouble about paying. The California Outfitting Company's credit service goes hand in hand with a "Merry Christmas." As a progressive and up-to-date store, the California Outfitting Company stands in a class by itself. Always on the watch out for something new, their goods are ever bright and attractive and the very latest European and Eastern novelties can always be seen in their windows on Twelfth and Clay streets.

Several years ago, owing to the excellent variety of Furs they carried, the Oakland Outfitting Company became generally known as the "Oakland Fur Specialists." This name has clung to them up to the present day and the prices they now quote on all styles of furs certainly gives them full claim to the title. The one great feature of this store is their immense Cloak and Suit Department. True elegance, individuality of style and perfection mark every garment in the collection. It embraces exclusive novelties from the far-famed foreign designers and a magnificent collection of splendid American models. This department is in a class by itself and places the firm a few steps higher up the ladder of fame. It is such houses as the California Outfitting Company that has helped to make Greater Oakland what it is today. They are deserving of the staunch support of every true Oakland woman and their handsome store at Twelfth and Clay streets should become, more than ever, the popular shopping place of Oakland's swell dressers

IS SUED FOR HER DRESSES

Oft-Married Clubman and Latest Wife Are Haled Into Court.

SAN FRANCISCO, Dec 14.—Dr. Pedar Sather Bruguiere has been sued for a tradesman's debt, and his wife, who is names as "Jane Doe Bruguiere," is made a defendant in the action This might be expected, as the money sued for is for "woman's wearing apparel"

According to the complaint, L. Ransahoff sold the goods to the defendant last June and July. The different purchases amounted to $328 90, but it is alleged that no payment was made, although the same was asked. Now Ransahoff has assigned his claim to a collection agency, the San Francisco Mercantile Union.

Dr. Bruguiere is well known in the club and society life of this city. His ventures into matrimony have not always been successful, as in addition to the present Mrs. Bruguiere he counts two women who have been his wives His first wife, Madeline McKisick, obtained a decree of divorce, and last May Dr. Bruguiere was divorced from his second wife in Reno Her maiden name was Marian Andrews. Then Dr. Bruguiere married Miss Nannie King

OAKLAND GIRL IS LIBERATED

But Man Who Eloped With Miss Cunningham Is to Be Punished.

LOS ANGELES, Dec. 14.—Pretty Estelle Cunningham of Oakland will escape punishment for aiding in the theft of her mother's diamonds She will return north with Captain W. J. Peterson of the Oakland police. Harry Holley, the race track man with whom she eloped, will be compelled to face a charge of grand larceny. Captain Peterson says Holley has a bad reputation and he believes he is secretly married to a woman in Oakland. Miss Cunningham refuses to believe that Holley is married and declares she will marry him as soon as they gain their liberty.

"The whole thing savors of Holley desiring to secure some of the wealth of the Cunningham family Mrs. Cunningham will welcome her daughter back to her home, because she does not in any way blame the girl, but she insists that Holley be punished to the full extent of the law. We have a good case against him, and I do not see how he can escape prison The diamonds they took are worth about $600. Miss Cunningham pawned her own diamond ring to secure money on which to come to Los Angeles."

FEWER PINS IN NEW YORK CLOTHES.

What a triumph for the New York women over their superior sisters from the Hub! A manufacturer has given out statistics which show that Boston uses more pins in proportion to the population than any city in the country, and New York uses fewer. This goes to show how well the New Yorkers' hooks and eyes and buttons perform their duties of fastening. Surely it must have a great deal to do with the fact that our women are the best dressed in the country. True, they have not reached the state of excellence attained by the Chinese, who taboo pins altogether, but they are nearer that standard than any other community.—New York Press.

SHE PASSES CENTURY MARK

Mother of Dr. Osler Living Refutation of Son's Theory.

TORONTO, Dec. 14.—Mrs. Featherstone Osler will be 100 years old today. She is mother of Dr. William Osler, who is credited with the statement that the end of human usefulness comes at the age of 60, and that those who reach that age should no longer burden the world, but be put out of the way with chloroform.

Mrs. Osler, even at 100, is anything but past usefulness or a burden, according to her relatives Of these there are four sons and one daughter living, and twenty-six grandchildren and one great-grandchild.

"To each and all she has been all their lives a center of influence for good," said one today.

The centerpiece of the birthday feast today was a huge cake with 100 candles. The design in frosting was emblematic of the four British rulers under whom Mrs. Osler has lived. These are King George III, William IV, Queen Victoria and Edward VII Dr. Osler, who recently returned from abroad, was at his mother's birthday feast.

MADE POROUS PLASTER MEAL

Walean of Irvington Takes it Inwardly—Now He Has Pain In Stomach.

NEW YORK, Dec. 14.—Antonio Cassameno, an Italian of Irvington, N. Y., is dangerously ill as the result of eating part of a porous plaster about a week ago. He had a pain in the stomach, and Dr. E. J. Smith, who was called, prescribed a powder and a porous plaster. Cassameno secured the plaster, and, tearing off a strip, sprinkled it with the powder the doctor had prescribed and swallowed a dose. His condition is serious.

THE WOMEN OF OLD VIRGINIA.

The following tribute to the women of Virginia is published by Charles W. Noble in the Richmond News-Letter:

No other place was ever blest,
With women that the world confessed,
And singled out as very best,
As Old Virginia.

Her maidens are the country's pride,
Her damsels make the fairest brides,
Her dames, the fondest firesides,
Those of Virginia.

No other place have we on earth,
Where womanhood is shaped at birth,
Where fair ones' lives are joy and mirth
Than Old Virginia.

While we are in some doubt concerning the meaning of the Virginia laureate's statements we are nevertheless inclined to congratulate the women of Virginia and to assure them that if Bath House John himself were to attempt to portray the loveliness of the ladies of Illinois it is not likely that he would be able to produce anything as touching as the third stanza of Mr. Noble's poem. All honor to the bards who continue in this age of materialism to sing the glories of true womanhood.

Leading Specialist for Women.

Ladies—If you are suffering from any ailment peculiar to your sex, worried about your condition and need help, consult this famous specialist for the following reasons:

First—He is a well-trained physician and surgeon with qualifications recognized by the highest medical authority and truly the only regular graduate specialist for women advertising.

Second—With his painless and harmless methods known to no physician but himself he gives you relief—at once—without drugs, needless operations or detention from your occupation.

Third—His broad experience, his 19 years of success—without one single failure—with the most obstinate, obscure and complicated cases, where all others failed, makes him the—safest—and—surest—man to consult when you need help.

'Why suffer disappointment, pain, anxiety and endanger your life and health by employing quacks and self-styled specialists when you may have advice from a man eminent in the profession absolutely free of charge?

His fees are moderate and you safely intrust yourself in his care and be assured of prompt and happy results.

Consultations sacredly confidential and a strictly private sanitarium when required.

To a Home Buyer

Up on the hills of East Oakland, sheltered from winds and fogs, adjacent to a car terminus, in a spot peculiarly beautiful, we have one of the prettiest buys of the year. The house is built with a high basement so that a shop or even a flat could be cheaply and easily constructed in it. The rooms are remarkable in their elegance of construction, tinted walls, cove ceilings, arched doorways, thoroughly lighted, a dining room finished in hard wood burned, in a rarely artistic manner, with in-built shelving, closed and unclosed, everything beautiful. The house has every convenience, gets the sun from three directions, is wholly a model; $4125, half down—a genuine bargain.

VIE FOR NOVELTIES.

Silver purses and bags never seem to lose their popularity with womenkind and the makers vie with each other in producing a variety of shapes and sizes. Two new beauties have made their appearance this season, but, alas! they are rather beyond the reach of most ordinary mortals.

One is the usual chain bag, but is much fuller than any of its predecessors. This fullness is gathered into the regulation clasp. And one dealer remarked, with a smile and a shrug, since about five times as much silver was employed in the making as there was in the ordinary bag, so would the price be about five times as high.

Another is copied after the leather satchel purse, which is a pet with many women, but is made of solid silver and lined with satin. When my lady goes abroad with this exquisite trifle swinging upon her arm from its silver chain she need not be surprised if even her dearest friends are tempted to forsake the path of rectitude for that of "purse snatching."

RICH GREENWATER COPPER LODES ARE SOON TO BE CONSOLIDATED

NEW RAILROADS AND NEW STRIKES IN THE FAMOUS TONOPAH DISTRICT

Heavy Snowfall Fails to Block the Rush of Development Work on Many Valuable Claims.

TONOPAH, Dec. 14.—An important consolidation of Greenwater copper properties is about to be effected in New York. Local men who are interested in Greenwater will not give out details of the new deal, but they declare that the result will be of the utmost benefit to the Inyo county district. Several of the leading properties in the camp are included in the merger and a big company, backed by many of the most prominent names in the mining world, will be formed. The first result of this consolidation, outside of the spur it will give to development, will be the erection of a smelter near the camps.

Reports from Greenwater and the southern camps indicate that there has been no let up to the rush with which development is being carried on. All classes of labor are still in demand and the roads are blocked with freight teams hauling machinery and supplies to the camps of the copper region. The snowfall has, in some measure, blocked the work of the prospectors, but it is going off rapidly and the men who came into the towns to pass the time of the storm have nearly all turned out into the hills again. There is a steady travel from here to the southern camps, and every returning pilgrim brings reports of big building operations that are planned for the towns and the growing extent of the rich copper deposits.

STAMP MILL COMPLETED.

The finishing touches have been put to the 100-stamp mill of the Tonopah Mining Company at Millers. There is plenty of ore to keep the big plant at work for years in the mine and on the dump, but no cars are available. The fifty steel ore cars ordered by the company will not be delivered for several months. The railroad is embarrassed with piles of freight that it cannot move because of its car shortage and the railroad people are in a quandary.

The fuel famine at Tonopah has been relieved, so far as the townspeople are concerned, but the present supply is only enough to last for a week or so. There is no big supply in sight for the long winter months to come. The mines are all at work again, but there is certain to be another tie-up if more coal is not secured.

Announcement is made that John Brock and his associates of the Tonopah Mining Company hold control of the Silver Glance mine at Hannapah, twenty miles from this place. This implies the rapid building of the Tonopah-Ely line, the survey of which has been completed.

In the Silver Glance the main shaft is said to be ninety feet deep. The underground workings make a total of 320 feet. The values are good. Several rich ore shoots probably will be uncovered with ease. A shipment of sorted ore was made from the property recently and the sixteen tons taken from the surface croping of the main ledge returned $2300. The plans of the men now in control include the sinking of the shaft 150 feet more before crosscutting or drifting. The property will be equipped with the best machinery at an early date and development will be pushed with speed and system.

A new strike has been made in the Hannapah district. The find is about a mile north of the Hannapah mine. Surface assays are reported to have returned $460. There is no little activity in the district, although the work of the prospectors is hampered by the recent storm. Snow drifts are many feet deep in places. Prospectors are sticking in to their camps, but will get back as soon as possible. The fact that the Ely road will be constructed next spring is making the local mining men keep very close watch of the results of the prospectors' work. It is probable that several big holes will be recorded.

BIG PUMPS FOR HANNAPAH.

Recent reports from the Hannapah mine, the property of Sam Newhouse, the Salt Lake operator, are very good. The property is not being operated. The large flow of water in the shaft prevents. A new pump has been ordered and work will be resumed on a bigger scale than ever. The ore of the Hannapah is said to be very similar to that taken from the Tonopah properties and the values are good.

Thomas Cullen, the proprietor of the Manhattan News, who is now in this city, is positive that the northern camp will experience a boom that is founded on the worth of its mines during the coming spring. He has inspected the various properties personally and says that he has been pleasurably surprised by what he has seen. Mr. Cullen says that the home water company which is piping a supply from Rye Patch, has laid a pipe to the foot of the canyon. The Tonopah Exploration Company, which is bringing its water across the Smoky Valley from Jett Canyon, has a big force at work on the restraining dam at the intake. A good section of pipe is down in the canyon.

In the Annie Laurie claim of the Manhattan Mining Company a strike has been made that is causing considerable talk. A stringer went up into high figures, one return being $1524.

A new railroad has been planned to run from Tonopah to Manhattan. It will leave the main line of the Tonopah-Goldfield at Millers and run from there direct to Manhattan by the way of San Antone and Smoky Valley. A survey party has started from Millers preparatory to establishing the grade. It is rumored that several of the financial heavyweights of the States are in the company.

RICH STRIKE.

A strike of great richness in the Sphinx mine at Round Mountain is reported. It is stated that the workers have encountered an entirely new and unexpected ledge, and that as far as it has been explored is all specimen rock. It is reported that some of the rock has run as high as $4 to the pan, and on this basis the ore is worth thousands to the ton. The company has not done enough work to determine whether the find is a pocket of ore or an extensive shoot.

Henry J. Bartlett, one of the proprietors of the Round Mountain Nugget, speaks enthusiastically of the work that is being done at Round Mountain. The operators of the camp will start a stock exchange. Twenty-five seats on this board were sold in one day by the organizers. Bartlett has made a careful personal survey of the properties that are being worked in and about Round Mountain. He says the camp will rival its older neighbors in production in a comparatively short time. Building is increasing. Bartlett declares that the outlook for the whole section is growing brighter daily. Wealthy operators have secured big blocks of the stock of various Round Mountain companies.

GET GOOD COPPER ORE.

Reports reaching here from the Excelsior Mountain copper mine, fifteen miles southeast of Hawthorne, are encouraging. As a result of development on this property the section will become one of the biggest copper districts in the State. The secretary and general manager of the company, Jack Suits, who was recently in this city, says that the showings in the mine have far exceeded the expectations of the company. Machinery has been installed to operate air drills in the mine, and Suits says that altogether over $50,000 has been expended in work on the property.

Three ledges showing five feet each of high-grade copper have been found in the mine, so it is reported, and the plans for the extension of the Bodie railroad will bring that line within striking distance of the property, which will prove an important feature in the future development, not only of the Excelsior, but of many other properties in the same section.

WALL STREET STOCKS.

NEW YORK, Dec. 14.—First prices of stocks showed a rebound from the depression in which the market closed yesterday. The rebound ran to 3¾ in Great Northern ore certificates, 1¼ in Canadian Pacific, a point in Great Northern preferred, Amalgamated Copper and American Car, and 4¾ in Northern Pacific and Republic Steel. St. Paul continued its advance to the extent of 1⅜, but Great Northern preferred immediately lost its rise.

Much confusion arose in the minds of traders owing to the selling of the Hill stocks and the contrary buying of St. Paul. After a period of indecision the selling prevailed and there was a sharp relapse in which some of the list fell to below yesterday's closing. Great Northern preferred decline reached ⅝ and Northern Pacific 1¾. Great Northern certificates ore reacted 2⅜. Subsequently Union Pacific took up an advance and prices hardened.

The western stocks continued to be the speculative features, but there was also a growing demand for various other stocks. St. Paul yielded to 194⅝, but in the meantime the Hill and Harriman stocks went slightly higher and the specialties began to rise at 1 o'clock. Union Pacific rose 2⅜, Brooklyn Transit, Anaconda 1¼, Amalgamated Copper 2, Northwestern and Interborough Metropolitan preferred 1⅝ and Kansas City Southern preferred 1.

Purchases of Canadian Pacific caused a rise in that stock, but the response in the higher priced railroad stocks was slight outside of St. Paul, which rose again to near 197. There was some selling of the Hill and Harriman stocks and the general rise ceased. Anaconda moved up 6¾, Canadian Pacific 5¾, Amalgamated Copper 2¼, Mexican Central and Republic Steel 2, Atchison and Colorado Fuel 1½ to 1¾, and Denver & Rio Grande, Pacific Mail and United States Rubber 1.

CHICAGO GRAIN.

CHICAGO, Dec. 14.—Moderate demand by commission houses had a steadying effect today on the local wheat market, prices holding within a narrow range. News of the day was more bullish than otherwise, Liverpool cables being steady, weather in Argentine unfavorable and curb prices at Minneapolis somewhat higher. Offerings came largely from pit traders. May opened unchanged to a shade higher at 78⅝c to 78@78⅛c, sold at 78¼c and then rallied again to 78⅝c.

Later the market eased off on selling induced by a report of a St. Louis trade journal which showed the winter wheat crop to be in good general condition. For May the lowest point of the day was reached at 78¼c. The market closed easy with May down ¼c at 78⅜c.

May corn opened unchanged to a shade lower at 43⅜@43⅝c and sold at 43¾c.

The market became weaker as the trading progressed, May selling off to 43⅛c. The close was easy, with May off ¾c at 43⅛c.

Oats were easier. May opened a shade lower to a shade higher at 36¼c to 36⅝c and sold off to 36⅛c.

Provisions were firm on buying by commission houses and local packers. May pork was up 10c; lard was 5@7½c up and ribs were 7½c higher at $8.57½.

DISCUSSION WAXES WARM AND THEY PASS THE LIE

Torrid Times at City Council Meeting Last Night---Solons Don Their War Paint.

Three hundred and five prominent residents of East Oakland in a large part members of the church entered protest last night to the municipal license committee of the city council against the granting of a liquor license to Joseph Cook of 611 East Twelfth street The movement against Cook's application is headed by four ministers Rev H K Sanborn of the Brooklyn Presbyterian church Rev L L Loofbourow of the Eighth Avenue Baptist church Rev Raymond C Brooks of the Pilgrim Congregational church and Rev Henry L Boardman of the Tenth Avenue Baptist church

In an animated discussion before the committee last night the lie was passed between Councilman Aitken representing the Seventh ward where Cook proposes to open his saloon, and Councilman Hahn of West Oakland The latter averred that Aitken had been influenced to protest against Cook's saloon and the reply given him was as follows

CONTRADICTS HAHN

"Councilman Hahn has attacked me on the floor tonight saying that I have been influenced to protest against Cook's application I say emphatically that I have not been influenced I am against any man whom the police have sworn did not draw a sober breath for six months although conducting a saloon I do not believe that Cook is a fit person to conduct a saloon and I trust that this committee will not see fit to recommend his application to the council It is absurd to think that this committee or this council should again grant a license to such a man whose permit to conduct a saloon was taken away because he violated the laws of this city

The committee did recommend the granting of the license however—Councilmen Baccus Hahn McAdam and Burns voting aye and Councilman Meese no The application will be before the council at its regular meeting next Monday night

The ministers and residents of East Oakland protest against Cook's application because they state that the proposed location of the saloon is within two blocks of the Brooklyn Presbyterian church and members of the congregation would have to pass it on their way to church Those who appeared in behalf of the protestants last night Rev Mr Loofbourow and Messrs Madge McDonald and Waddell also asserted that there were enough saloons in East Oakland at the present time and that they had heard that the applicant for the license was not a fit person to conduct a saloon his license having been taken away from him last April for violating the laws of the city

Cook the applicant for the license was present last night and he was represented by Attorney Harry Pulcifer who quizzed the several protestants who testified

ATTORNEY PRESENTS LIST.

Attorney Pulcifer presented a list of merchants in the vicinity of the proposed saloon who favored the granting of the application and also offered sworn affidavits from several of these merchants setting forth that they desired to have the application of Cook granted

In the discussion of the affidavits Councilman Aitken asked Cook if he had had to pay anything to get them The answer was in the negative Councilman Baccus then wanted to know if Councilman Aitken had paid anything to get signers to the protest but the latter denied knowing anything about the existence of the protest until it was filed with the committee

Rev Mr Loofbourow testified that the protest had been drawn up by four ministers and had been circulated by Rev Mr Sanborn who obtained the three hundred and five signatures since last Thursday

Councilman Burns queried Was the protest signed at the church door?

That is going too far interposed Councilman Aitken

Nothing of the kind returned Burns I will frame up my own questions as I like and you can have the opportunity to do the same when I am through

Councilmen Aitken and Donaldson both from the Seventh ward protested vigorously against the application and asked the committee not to recommend that it be granted

Councilman Hahn moved that the application be recommended to the council and his motion was seconded by Councilman Burns The vote was four to one in favor

GRAVE CHARGES OF GRAFT AS TO LIQUOR LICENSES

Olsen Says That He Was Approached and Asked to Give Up Money to Secure One.

The startling announcement was made to the license committee of the City Council last night by H Olsen president of the Olsen company that he had been approached by a man named Neal who promised to secure a liquor license for him if he would put $17 0 in escrow pending action on the application Olsen also stated that the mysterious Neal had offered a bet of $100 to [illegible] that if he did not put up the money that he would not get the license

The members of the committee and the rest of the councilmen present were [illegible] by Olsen's assertion and Neal if he can be found is to be subpoenaed to appear before the council Monday night and explain his statements to him

The committee was considering the application of H F Hawkinson secretary of the Olsen company for a license to conduct a liquor store in connection with the grocery store at 919 Washington street

[illegible] Hawkinson declared that he had heard that Olsen had made the assertion that the council was paid to [illegible] shortly after the [illegible]

Olsen [illegible] before the committee [illegible] Councilman Burns He then told of being approached by a man named Neal

It was in Cutler's saloon on Ninth street between Washington street and Broadway about a month ago with a friend of mine [illegible] Erickson A stranger approached me and tapping me on the shoulder [illegible] that he wished to speak [illegible] application for a license [illegible] up tomorrow [illegible] and I answered in the affirmative Well if you will put [illegible] will see that you get [illegible] the man continued I laughed at him and treated his statement as a joke but he [illegible] me $100 to [illegible] that if I did not put up the money I would not get my license The [illegible] Neal and [illegible]

INDIGNANT DENIALS

I will never have anyone say declared Councilman Aitken that I have been bribed to grant a liquor license and Mr Olsen will have to clear up this matter before I will vote for his license

Councilman Pendleton—I know that I have never taken any money so that if this council is accused of having taken bribes my skirts are clear

Councilman Burns—I have not bought an automobile as yet and I know of no bribe money

Councilman Donaldson—This is a very serious matter and should be investigated to the very bottom A stigma has been placed on this council and it would be to the best interests of Mr Olsen to have Neal come here, and explain himself

NEAL MUST EXPLAIN

I think that we should subpoena this man Neal to appear before the council Monday night and explain matters averred Councilman Pendleton and this was ordered done

Olsen declared that he had learned that Neal was a disreputable character and therefore did not take much stock in his statement

Councilman Donaldson—If you knew this man was a disreputable character why did you let this story get out?

Olsen—I only told a few intimate friends but it has leaked out so that everybody seems to know it

Councilman Thurston—It seems to me that it was a good thing to let it out as it makes good gossip

Hawkinson's application for a license was sent to the council without recommendation and the matter will come up next Monday night

DRINK? NO! WE'LL STRIKE

Laundry Girls Say They Were Asked to Indulge in Cocktails.

To drink cocktails and have good times at the French restaurants in San Francisco were invitations and insults that female employes of the Troy Laundry claim the secretary A L Wolfe of the company made to them many times during the past three years and it was one of the reasons for them to go on a strike

These and many other allegations were made by the members of the International Shirtwaist Union May Hampton Helen Bridge Lizzie Hartz Sydney H Gray and J Brock in their answer to the temporary injunction that has been filed against them by the Troy Laundry

The union denies that boycott tactics were used to restrain non union employes from going to work It is claimed that the laundry did not live up to the agreement and pay the union scale of wages

The union asserts in the answer that was filed yesterday that they did in no part damage the plaintiff to the extent of $10 000 or attempt to injure his business

BIG SURPRISE

P P Johnson president of the National Trotting Association said at the annual meeting in New York

The faking of trotters continues My friend F E Dempsey tells me that in the summer he saw a mare that had been bleached—bleached like a blonde woman

All sorts of fakes are adopted by crooks in order to disguise a trotter with a good record Then the trotter believed to be a beginner gets enormous odds and when she wins—what a surprise

Mr Johnson lighted a cigar

It is an unpleasant an unexpected surprise he said It is like a surprise a friend of mine met with on a train in West Virginia.

As the train traversed Wise county my friend entranced with the scenery stuck his head out of the window

The brakeman hurried to him and said

Keep your head inside, can t you?

What for? asked my friend

So you wont damage any of the iron works on the bridge said the brakeman

Strength Comes

Not From What You Eat, But From What You Digest

Most people eat most foods without discrimination—it matters little what Few stop to think what that food does for them This is the first turn on the road to dyspepsia Reckless disregard of the proper choice of foods rapid eating and improper mastication are the unquestioned causes of all stomach disorders from the slight ache to the malignant cancer

There is nothing more revolting than a dyspeptic stomach—a very vat for putrefaction sending forth its poison throughout the entire system, depressing the brain befouling the breath souring the taste deadening the muscles incapacitating the liver and kidneys for their work debilitating the heart choking the lungs and clogging the bowels

All of those disagreeable and dangerous conditions are due to the improper digestion of food and the consequent assimilation of poison What else can be expected If the food lies in the stomach if the system is constipated fermentation is the natural outcome It shows itself in sour watery risings belchings heartburn and painful breathing

There is only one way to relieve this condition If the stomach refuses to digest your food put something into it that will Stuart's Dyspepsia Tablets are nothing but digestives They are not a medicine They work when the stomach will not

Each tablet contains enough pepsin diastase golden seal and other digestive elements to reduce 3000 grains of ordinary food to the proper consistency for assimilation into the blood

Stuart's Dyspepsia Tablets are absolutely pure There is nothing harmful in them as shown in their indorsement by 40 000 physicians in the United States and Canada

Ask your family physician his opinion of Stuart's Dyspepsia Tablets and if he is honest toward you he will state positively that they will cure your stomach trouble whatever it may be unless you have waited too long and have allowed your disorder to develop into cancer
